PROPOSED CHANGES AT BEACH SCHOOL NOT APPROVED

Recommendation that New Sanitary Conveniences Involving Outlay of \$3,000 Be Installed Fails To Carry By Decisive Majority — Assembly Hall Crowded To Capacity.

On Friday evening last the assembly hall at the Park School, Grimsby Beach, was filled to capacity, in fact it could not accommodate all of the supporters of that school section who desired to attend the special school meeting called by the trustees of school section No. 1, for the purpose of considering the construction of new sanitary conveniences, the trustees being Messrs. George Fair, James Wray and A. N. Ashton.

Councillor Charles Durham of North Grimsby township, acted as chairman of the meeting and Mr. Talbot as secretary.

Over one hundred were present and when the proposal to sanction an expenditure of \$3,000 was voted on, after the proposed project was explained to the meeting, the great majority of those in attendance opposed the expenditure at this time. The keenest of interest was displayed in the meeting, a considerable number expressing their views. While some were favorable, others strongly opposed the outlay at present, this feeling predominating although a number appeared favorable to a smaller expenditure if this would remedy the situation complained of.

Mr. George Fair, chairman of the Board of School Trustees, briefly outlined the proposal, pointing out that at the annual school meeting the Board had been instructed to secure estimates as to the cost of new sanitary conveniences.

At this point Mr. Ashton read the resolution passed at the annual meeting which was as follows:

Moved by Mr. Gibson, seconded by Mr. Jarvis, that a committee composed of the trustees and Mr. Charles Durham be appointed to go thoroughly into the matter, submit plans of construction, cost, etc., government grants covering the same and report when ready to a special meeting of the ratepayers.

The Board, Mr. Fair stated, had accordingly secured the desired information and had called this meeting to hear the report and to consider plans of proposed changes which were exhibited at the meeting. The changes and addition, he said, would eliminate complaints regarding the sanitary conveniences at the school.

Mr. Fair informed the ratepayers that the Board had \$1,000 on hand which remained from appropriations secured from the council and this could be applied to the cost, leaving but \$2,000 to be raised by debentures over a five year period. It would cost the ratepayers 70 cents for every \$1,000 of assessment per year over a five year period. He said the desire was to provide adequate sanitary facilities at the school and he was of the opinion that 90 per cent. of the people would not put up with conditions that prevailed in the present sanitary system. He said that they might have to make changes on two or three weeks' notice if the Board of Health stepped in. At present they had to spend about \$50 a year to make the toilets more sanitary. Practically every report from the Board of Health had pointed out that something should be done to remedy the situation.

Mr. Wray, another member of the Board, said that that body did not want to force the matter. The information had been asked for at the annual meeting and they had secured it. The cost, he believed, was not excessive and it meant much to the community as the school was becoming a community centre. They were not trying to spend a lot of money, the cost being but 70 cents per \$1,000 of assessment per year over a period of five years.

It was pointed out that the government would give a grant towards equipment of \$360 but no grant on the principal amount.

It was suggested that the meeting adjourn for five minutes and a committee from those present inspect the sanitary arrangements and report back to the meeting but this did not find favor.

Mr. Durham, the chairman, at this point stated that he had invited an expert from a Toronto chemical company to give his views as to how to correct the situation in the sanitary arrangements complained of and with the consent of the meeting addressed

Six Year Old Son of Mr. & Mrs. Betzner Injured By Truck

Numerous friends will be pained to learn that the injuries sustained by Leon, the young six year old son of Mr. and Mrs. H. Betzner, Livingston Ave., who was struck by a truck while returning home from school on Thursday last are not as serious as at first anticipated although the scalp wound required nine stitches to close. Fortunately there was no fracture of the skull as was first feared. The little lad is now making a favorable recovery.

The truck which was westbound at the time was owned by Lewis Cartage of Mount Dennis and was driven by Bernard Tallop, 733 Weston road, Mount Dennis. The little lad after being struck was hurried to the office of Dr. John Sinclair where it was found that he was suffering from severe shock, lacerations of the scalp and abrasions with possible skull fracture.

It is understood that the truck driver is said to have informed Chief Demill that he did not see the boy prior to the accident and that the first knowledge he had of it was when he felt a bump. He said he stopped immediately and saw the boy lying on the road. Eyewitnesses who were on the sidewalk at the time, informed the police that the boy had run from the south sidewalk, across the road, in the path of the truck.

The brakes of the truck were tested on the instructions of Chief Demill and were found to be in perfect condition. The driver was not held by police and the chief states that no charge have been laid.

CONCLUDE SEASON WITH BANQUET

Young People of United Church Enjoy Delightful Function — Rev. R. W. O'Brien, St. Catharines, Guest Speaker.

The banquet tendered by the losing group to the winners in an attendance contest carried on during the past four months by the Young People's Society of Trinity United Church and held in Trinity Hall on Monday evening last, proved a delightful function. Close to one hundred were gathered and the festive board, the tables being bright with decorations including fragrant wood violets and tulips. After full justice had been done to the delectable spread provided, the toast to "The King" was honored by the singing of the national anthem. This was followed by community songs led by Mr. G. L. Eaton in which all heartily joined.

The toast to "The Victors" was proposed by Miss Theima Swayze, leader of the losing group and was responded to by Miss Grace McPherson of the victorious group, the leader of which was Mrs. Sullivan.

Points were given for attendance at both the regular meetings of the organization and church services, a splendid average attendance being registered. The organization has close to one hundred members and is the largest Young People's Society in the Hamilton Presbytery.

The toast to "The Church" was proposed by U. D. Davidson and responded to by Rev. E. A. Thompson, the latter highly commending the young people on their activities and the high standard of the programs provided throughout the season.

Arthur Cook proposed the toast to "Our Guests" which was responded to by Rev. R. W. O'Brien, minister of Memorial United Church, St. Catharines. Mr. O'Brien spoke on the subject of "Loyalties" and in a strong and earnest address stressed the value of loyalty to Christian ideals and purposes. His remarks were most fitting and appropriate and were much appreciated by the large gathering.

Other contributions to the program which added to the enjoyment of the evening were a piano number by Mr. Oliver Merritt and vocal numbers by Mr. Jack Ansell while Miss Dorothy Slater of Hamilton provided several unusual numbers by playing on the saw, displaying rare skill in doing so. The evening was happily concluded with the singing of Auld Lang Syne.

The president, C. B. Benn, presided.

Wonderful Showing of Blossoms On Sunday Lovely Peach Bloom

Although Sunday, May 19th, was announced as Blossom Sunday the bloom this year, due to the cool weather, did not appear at its best until towards the latter part of the week, in fact the showing of blossoms on Sunday last was a wonderfully attractive one, and the day could well have been designated as Blossom Sunday, so beautiful was the showing. Some of the fruit farmers of the district cannot recall having seen a lovelier array of peach blossoms while other blossoms also found many admirers.

That the peninsula at this time of the year has lost none of its fascination for visitors from all over the province and the adjoining states, was plainly evident. The traffic was equally as heavy as the previous Sunday, thousands of cars passing through Grimsby over highway No. 8, all filled with tourists attracted here by the wonderful display of bloom all along the highway to Niagara.

Although there is still a fairly good showing of bloom the blossoms are gradually disappearing.

To Conduct Bus Tour For Lincoln County June 30 to July 7

A meeting of the executive and others interested in the eighth annual educational and sight seeing bus tour for Lincoln County was held on Saturday morning at the agricultural office. Permission has been received from the agricultural office at Toronto to conduct the tour.

At a recent meeting preliminary plans were made for the tour which it is proposed to hold June 30 to July 7 or 8. Present plans provide for a stop at the Geneva experimental station on the first day. Then continuing through the Adirondacks the party will visit Burlington, Vt., Montpelier, St. Johnsbury, Farmington and Augusta, Maine. From there the route will be to Portland and south along the Atlantic to Boston and New York City. A day or more will be spent in these cities and the return trip made through some of the picturesque and better farm country of New York state.

Preliminary applications should be made to the agricultural office by Saturday, June 8. It is planned to have two large buses of the new type and the tour will be restricted to 60 to 65. Those interested in securing further information should apply at the agricultural office, St. Catharines.

- IN MEMORIAM -

In Loving Memory of Our Dear Mother, Mrs. Stephen Hanna. Her faint last wish we should like to have heard.

And breathe in her ear one last parting word. Only those who have lost are able to tell. The pain of the heart is not saying farewell.

Sadly missed by Husband and Family, 46 Mountain St., Grimsby.

Three-year-old Ann Marie Murdoch of Grimsby who showed a press cameraman where the very best blossoms could be found. (Courtesy Mail and Empire)

Grimsby's New Store For Men Now Open

Grimsby is to have a new store for men which was opened on Thursday by Mr. E. J. Way who is widely experienced in merchandising. It will be located at 44 Main St. West and will carry a complete stock of furnishings, dress and work shirts and "Carhartt" overalls and work shirts.

The store is located in the quarters formerly occupied by Bromley, McCallie and Cloughley, which have been re-decorated and present an attractive appearance.

With its complete stock of furnishings, Way's Men's Store will be in a position to render every service to its patrons.

GAME ASSN. MEETS

Mr. John Strathairn, manager of the C. P. R. Bungalow Camps on the French River, was the speaker at Thursday's meeting of the St. Catharines and Lincoln County Game and Fish Protective Association. He spoke on the opportunities offered in that district for a summer vacation, telling of the attractions of the French river to game and fish. His address was illustrated by lantern slides. This was the last indoor meeting of the association for the winter season.

St. Andrew's A.Y.P.A. Elects Its Officers

Officers for the ensuing year were elected as follows by the members of St. Andrew's A.Y.P.A. at their regular meeting on Monday.

President — Dave Biggar; vice-president, Madge Croft; recording secretary, Neen Bourne; corresponding secretary, Kay West; treasurer, Ed. Mabey; dramatic censor, Florence Laing; business managers, Wilson and Max Johnson.

Representatives of the local council of the Lincoln and Welland deanery were in attendance at last Monday's meeting of St. Andrew's A.Y.P.A. and described in vivid detail the A.Y.P.A. summer camp on Lake Couchiching. An album of pictures taken there in past summers was on display. Several from St. Andrew's are expected to spend a weekend there while a few are planning to stay for at least a week.

ENGAGEMENT

Mr. and Mrs. J. E. Dunham announce the engagement of their daughter, Velma Florence, to Mr. Wilfred M. Lawson, son of Mr. and Mrs. J. E. Lawson, both of Grimsby, wedding to take place the latter part of June.

BIG SEASON EXPECTED AT GRIMSBY BEACH

Dr. Gordon A. Sinclair, Popular Local Physician, Married At Toronto

A beautiful nuptial occasion of Wednesday evening last, May 15th, had as background tall standards of colorful spring flowers against palms and ferns in Timothy Eaton Memorial church, Toronto, for the marriage of Miss Katherine Stone, daughter of Mr. and Mrs. John E. Stone, and granddaughter of the late Mr. and Mrs. James Rylie, to Dr. Gordon A. Sinclair of Grimsby, son of Mr. and Mrs. S. M. Sinclair of Toronto.

The ceremony was performed by Rev. Dr. Trevor H. Davies and Canon F. J. Sawers. Mr. G. D. Atkinson played the wedding music and during the signing of the register Dr. Harvey Dooney sang.

Escorted to the altar by her father, who gave her in marriage, the pretty bride wore a charming figure in her long gown of ivory satin, fashioned with a yoke and deep cuffs of rose-point lace which were used on her mother's wedding dress. The long skirt lengthened into a slight train, and her jabot veil was of tulle and lace. She carried a bouquet of lily of the valley and orchids.

Miss Mary Macdonald of Detroit was maid of honour, and Miss Marian Charleston of Ottawa was bridesmaid. The former wore a frock of saffron lace, with bouquet of Briarcliff roses. Each wore a coronet of lace to match her frock.

Dr. J. C. Sinclair, brother of the groom, was best man and the ushers were Mr. Frank R. Stone, brother of the bride; Dr. Gordon C. Kelly and Dr. Basil Bowman of Hamilton, and Mr. David Morris, Toronto.

At the reception at the home of the bride's parents, Mrs. Stone received wearing a graceful gown of pastel blue sheer crepe and lace with lace hat and corsage of Briarcliff roses. Mrs. Sinclair, mother of the groom, was gowned in dusty pink chiffon, with becoming brown hat and corsage of Tallman roses.

The bride and groom left for a motor trip to the United States, the bride travelling in a navy blue pointed frock with blue redingote and blue hat.

Dr. and Mrs. Sinclair will, on their return, reside in Grimsby. Fellow townsmen and a wide circle of friends will extend heartfelt congratulations to Dr. Sinclair and his bride on the occasion of their marriage.

"ADOPT A BABY" APPEAL BEING MADE

Eight Apply For Adoptions At St. Catharines Following Appeal — Infants Placed In Desirable Homes By Local Supt.

The St. Catharines Children's Aid Society have made an enviable reputation in the "Adopt a Baby" appeal, according to information received from E. W. Helse, Provincial Superintendent of the Children's Aid Branch of the Department of Welfare. Eight people applied for adoptions the very day following publicity of the local Society and as a result four babies were immediately placed in desirable homes. Others have since been placed.

This reminder, in spite of its Christmas-shopping ring is indicated even these warm Spring days, by the reports coming into the Children's Aid Branch.

Early returns from the various societies throughout the province show a definite swing of the affection of Ontario's childrenless couples towards the forlorn and lonely boys and girls in shelters and it looks as though they would be easy victors in Hon. David Croft's campaign to have them transferred from the impersonal efficiency of institutions to warm sympathy and love that a family can give.

These homes, like the Helse quintuplets whose birthday on May 15th is the occasion for the "Adopt a Baby Week," but present reports show that they won't be forgotten after all.

A communication from the Children's Aid Society at Goderich, reaching Mr. Helse Friday, reports that within the last week twelve applications for adoptions had been received. After investigation of the homes, four children were placed.

Fifty Cottages Already Occupied — Two New Residences Being Erected And New Booth Built Other Cottages Purchased — Park In Excellent Shape.

The popularity of Grimsby Beach as a summer resort is again evident this year, many enquiries having been received by Mr. Geo. Fair, the energetic park superintendent. He states that about fifty families have already taken up their residence at the beach and prospects indicate that all the cottages in the park which number about 175, will be occupied this year.

Mr. Fair has been busily engaged in putting the park in first class shape and it presents a very attractive appearance. Visitors to this increasingly popular resort this year will note various changes and improvements.

The old boat houses at the water front to the right of the pier have been removed and the beach along the lake front at this point will be levelled off.

Another improvement has been the removal of the old booth to the left of the pier and its replacement by a modern and commodious booth with bark finish on the outside. This was erected this year by the Cottagers' Association under the supervision of Mr. Leonard Elmes, president of the Young People's Association at the Beach. The upstairs room of the booth will be utilized by Dick Davidson who last year moved himself most capable in directing the activities of the Beach young people and who will be back again this year in the same capacity. The booth also has a spacious verandah in front from which an excellent view of the lake can be secured. Mr. and Mrs. Elmer Walters will have charge of the booth at which refreshments and lunches will be available.

Two new cottages are also in course of erection, one by Mr. John Phillips of Toronto which is about ready for occupancy and the other by the Misses Davis which will be completed in about a month's time.

A number of cottages have also changed hands. Mr. Wilson of Buffalo has purchased a cottage from Mrs. Beverley Book while Mrs. Evans of Hamilton has bought a cottage from Mrs. Alf Greenwood. Another improvement contemplated is the replacing of the present walk on the pier with a wider one.

It is to be noted that the park has all the modern conveniences, such as electric light, water and gas, quite a number having installed gas this year for both heating and cooking purposes so that residents at the park can enjoy the comforts of the city and town.

Last year all the various organizations such as the cottagers' association, the women's improvement society, the young people's society and the lawn bowling and tennis and other clubs were most active, all enjoying a very successful year. This season promises to be equally as successful, in fact Mr. Fair is looking forward to a big season.

That people come from long distances to spend sometime in this district at this beautiful season of the year is evidenced by the fact that at present Mr. and Mrs. Thompson of Bermuda are sojourning for a month at Grimsby Beach, having recently taken up their abode there.

EARLY CLOSING IS DISCUSSED

Petition To Be Circulated By Business Men With A View To Settling Definite Hours Which Will Be Generally Acceptable.

The Grimsby Business Men's Association, at a special meeting held on Friday evening discussed the matter of early closing during the summer and it was decided to circulate a petition with a view to fixing certain definite hours.

Mayor McPherson stated he was in hearty accord with such a proposal. He cited the case of Paris and Brantford where early closing bylaws are in effect. In Brantford he said they close on Saturday night at nine

The above is a photo of boys and girls of school age in Children's Shelter at St. Catharines whom Children's Aid Society want to place in foster, or adoptive homes. For information, communicate with H. Fonger, Local Superintendent, County Buildings, St. Catharines. Phone 1420

WAR UNLIKELY

Marshal Allenby, British War Leader, Holds Nobody Wants Conflict

London, Eng.—War is unlikely for some years, as everybody knows it would cause civilization to crash, according to Field Marshal Lord Allenby, British World War leader. "I do not think anybody wants a war, and I do not think that there will be one—not for a few years, at any rate. Everyone's afraid of war—even Germany. The fact is, everyone is directly opposed to war."

That was Allenby's answer to the question:

Do you think we are on the verge of another war?

Asked whether he believed that there would be much difference in the conduct of military operations during the next war, he replied:

"Well, the army is going to do as much damage as possible when it goes to war. As regard to what damage they would do, I have no idea of what sort of an army the other people would have."

"The trouble is now that there is too much suspicion, possibly jealousy and a feeling of superiority—of being looked down upon. What the world really needs right now is mutual confidence. Nations need to trust each other; which they do not do now—and that's the danger. But, as I said before, everyone is afraid of war, even Germany. The fact is, and everybody knows it, another war would make civilization crash."

PRINCE OF WALES ASSISTS NEEDY WESTERN HOMES

Clothing Supplied For Distribution By British Caravan Mission

MONTREAL.—Clothing donated by people in the United Kingdom with the assistance of the Prince of Wales was brought here recently by Miss Eva Hasell, founder and organizer of the Church of England Sunday School Motor Caravan Mission in Western Canada. Miss Hasell arrived from England on the Duchess of Richmond accompanied by 18 young girls from Great Britain to begin another season of educational work in sparsely populated areas of the northwest.

The clothing will be used by Caravan Mission members to assist needy western families. Miss Hasell said, expressing gratitude for the kindness of the Prince of Wales in helping her gather the clothes. The Prince, owner of a ranch in Alberta, directed the mission should have the assistance of the organization known as the Prince of Wales Personal Service, which he established to aid distressed unemployed families in British industrial areas.

SPORT HOT SHOTS

BY GEN. EDWARDS

Sport Of Kings

The King's Plate is the oldest feature run continuously on this continent.

It was the custom that the reigning monarch would donate a prize. This gift was originally made by Queen Victoria, and in 1900 the first race was run and known as the Queen's Plate.

In 1903 Queen Victoria and the founders of the Ontario Jockey Club arranged that the race be run permanently in Toronto and it has been held there ever since.

The royal donation was continued by His Majesty King Edward the Seventh and His Majesty King George the Fifth, and since 1909 the race has been known as the King's Plate.

New Brunswick Votes June 27

Date Fixed For Provincial Election In Eastern Province

Fredericton—Thursday, June 27, is the date set for the New Brunswick provincial election.

This was announced by Premier L. P. D. Tilley last week at the conclusion of a lengthy caucus of Government members and their supporters in the Legislature.

According to law, nomination day will be on Thursday, June 28. The last provincial election was held on June 19, 1926.

The premier said that organization work had been discussed at the caucus.

The Conservative Government is headed by Hon. L. P. D. Tilley, K.C., who took office on June 1, 1926, succeeding Hon. Charles D. Richards, who was appointed to the New Brunswick bench.

Standing of the parties at Dec. 21, 1924, was: Conservatives, 27; Liberals, 15; vacancies, 4; total 48. Leader of the Opposition is A. Allison Dymally, who sits as a Liberal member for Kent County.

Award Merit Medal To Old Jersey Cow

TORONTO.—The Jersey cow, Rosella Patricia, bred by Isaac Hetherington, Peterboro, and owned and tested by Silver Creek Farms, Limited, Caledon, has been awarded gold and medal of merit certificates by the Canadian Jersey Cattle Club.

Patricia went on test at 10 years of age and in 365 days produced 15,491 pounds of milk containing 918 pounds of fat, with an average test of 5.32 per cent. She is the oldest cow by two years to ever win a medal of merit in Canada. This is the highest record made in Canada during the past 12 months by a Jersey cow and is the first cow to be awarded the medal of merit certificate since 1923, when a British Columbia cow was awarded the highest honor that a Jersey can win. The recent winner is a consistent producer.

Shortage In Alberta Of Adoptable Children

Edmonton.—Ontario's "Adopt-a-Child Week" will not be observed in Alberta because demand exceeds production. Child Welfare Superintendent K. C. McLeod said the supply of adoptable children is short, particularly of baby girls.

Every Berliner Ordered To Fly

BERLIN.—The air ministry has inaugurated a drive to have every Berlin resident fly over the city at least once as part of its campaign to boost aviation. Loyal Nazis with increasing frequency in recent months have been informed on certain dates they must buy lottery tickets, purchase a bit of amber, take a trip or read more books "because national unity demands the participation of every German."

The scheme has been used to promote marriages, encourage home repairs, stimulate the sale of Nazi newspapers and boost the sales of radio, automobile and textile industries, among numerous others.

Pups Are Dogs Authorities Rule

WINNIPEG.—A pup is a dog and must be licensed. That was the decision of the Civic Health Committee after lengthy debate about when a pup grew into a dog. And the committee, deciding a pup was a dog when born and didn't grow up from a pup to a dog, said all pups must be licensed the same as dogs.

Plants Potatoes For Fifty Miles

Barons, Alta.—Taking advantage of intermittent stops in heavy rains that have fallen almost steadily here for a week, farmers have been forced to work night shifts to get their crops seeded. Working between showers, Carl Kittelson seeded 50 rows of potatoes, each a mile long.

Trout Season In North Will Not Be Shortened

Sault Ste. Marie, Ont.—The Ontario Government will not shorten the trout season in Northern Ontario by changing the closing date, from Sept. 15 to Aug. 31, Dr. A. B. Roberts, Sault M.P.P., announced on his return from Toronto after a conference with Hon. H. C. Nixon, provincial secretary. While the season might be shortened in Southern Ontario, no change would be made in the north, Dr. Roberts said. Sault organizations had protested the proposed change.

"I'm doubtful of those countries that spend their time singing loudly."

Canada's Memorial at Vimy from a Painting by William Longstaff

Canada's magnificent tribute to her dead which will be dedicated at the Vimy Pilgrimage of the Canadian Legion of the British Empire Service League to be held in July of next year, rapidly nears completion after fourteen years' work.

This magnificent memorial, the largest and most beautiful of many hundreds scattered over the old western front battle line, towers over Vimy Ridge, the scene of one of the greatest battles of the War.

The Vimy Memorial cost \$1,000,000 to erect and weighs 50,000 tons. The figure of Peace at the summit is 300 feet above the plain of Douai and rises above two huge pylons symbolizing the allied armies.

The memorial is larger than the Menin Gate and dwarfs the Somme memorial at Thiepval. Twenty sculptured figures, each twice life size, appear in this vast structure which

has a frontage of 235 feet. In order to gain an impression of its size, if a car were built at its base instead of the concrete bed of 15,000 tons, such a car could accommodate 2,000 people.

Eleven thousand names of the dead are carved on the panels at the base. In a special interview with Mr. Walter Howard, the architect and sculptor, Mr. Howard said: "My original plans showed a foot trampling on a German steel helmet. I have since removed that symbol, for vindictiveness and hate cannot be permitted in a memorial of this nature. Indeed, it is a sermon in stone against the futility of war."

"At the base of walls of defence are the defenders, one group showing the breaking of the sword, the other the sympathy of the British nation for the helpless."

"Above are the mouths of the

guns, covered with olive and laurel. On the wall stands an heroic figure brooding over the graves of her dead; below is suggested a grave, with helmet and laurel.

"Between the pylons is the Spirit of Sacrifice, who, giving all, throws the torch to his comrades. "Looking up, they see the figures of Peace, Justice, Truth, and Knowledge, for which they fought, chanting a hymn of peace. On the outside of the pylons is the Cross."

"The twenty sculptured figures, male and female, symbolize the nation, its soldiers and its ideals."

It is necessary that the probable number of pilgrims be known by October of this year, and veterans expecting to take the trip are urged to register before that date. Full particulars may be had on application to Vimy Pilgrimage Headquarters, 108 Sparks St., Ottawa, Ont.

CANADA'S PLACE IN THE BRITISH MARKET

Domestic Bureau of Statistics

Canada was first in the British market in 1934 in wheat with 25,710,000 cwt., Argentina being second with 25,062,000 cwt. and Australia third with 21,674,000. While the margin in quantity was small the difference in value was great. Canada \$11,871,000, Argentina \$9,189,000, Australia \$5,657,000.

Canada was third in barley with 1,571,000 cwt., Persia being first with 2,330,000, United States second with 2,291,000 and Roumania fourth with 1,189,000.

Canada was first in oats with 1,941,000 cwt., Soviet Russia being second with 490,000 and Argentina third with 461,000.

Canada was first in wheat flour with 4,227,000 cwt., Australia being second with 1,937,000 and France third with 1,285,000.

Canada was second in 1934 in the total of grain and flour with a value of \$15,331,940, Argentina being first with \$29,518,000 and Australia third with \$5,540,000. In 1932 and 1933 Canada was first.

SECOND IN LIVE STOCK

Canada was second in live cattle with 51,873 head, the Irish Free State being first with 454,164.

Canada was second in bacon with 895,000 cwt., Denmark was first with 4,288,000 and the Netherlands third with 608,000. In 1932 Canada was in seventh place with 132,000 cwt., while Denmark was first with 7,679,000 and Poland third with 1,135,000.

Canada was second in hams with 180,000 cwt., United States being first with 478,000.

Canada was fifth in all meats in the year 1934 with a value of \$4,750,000. Argentina first with \$4,408,000, Denmark second with \$18,084,000, New Zealand third with \$12,971,000, Australia fourth with \$7,255,000. United States sixth with \$4,523,000. Two years ago Canada was in eleventh place.

Canada was second in cheese with 520,000 cwt., New Zealand being first with 2,092,000. Two years ago the import from Canada was 747,000 cwt. and from New Zealand 1,849,000.

Canada was in seventh place in the total of dairy produce with a value of \$1,630,000. New Zealand was first with \$14,860,000, Denmark second with \$12,479,000, Australia third with \$8,717,000, Netherlands fourth with \$3,793,000, China fifth with \$2,136,000, Irish Free State sixth with \$2,331,000. Canada was in seventh place also two years ago but the total value then was \$2,625,000.

FIRST IN APPLES
Canada was first in apples with 2,490,000 cwt., Australia being second with 1,528,000 and the United States third with 1,308,000.

Canada was fourth in canned salmon with 128,000 cwt., Soviet Russia was first with 423,000, United States second with 350,000, Japan third with 252,000. The import from Canada has declined from two years ago while the import from Russia, United States and Japan has made considerable increases.

Canada was first in hothouses with 20,000 cwt. out of a total of 23,000.

Canada was fifth in unmanufactured tobacco with 8,659,000 pounds. United States was first with 189,276,000, Southern Rhodesia second with 15,896,000, Nyasaland third with 12,519,000 and British India fourth with 9,892,000. In 1933 the order was United States 189,895,000, Canada 12,961,000, British India 12,968,000, Nyasaland 10,372,000, Southern Rhodesia 10,022,000. In 1932: United States 125,176,000, Nyasaland 15,069,000, Canada 10,672,000, Southern Rhodesia 10,481,000, British India 9,967,000.

Canada was first in copper ore with 29,453 long tons. Spain was second with 6,496.

Canada was third in soft wood lumber with 1,061,000 loads. Finland was first with 1,719,000 and Soviet Russia second with 1,259,000. Canada's supply was nearly five times what it was in 1932.

FOURTH IN LUMBER
Canada was fourth in lumber and

timber of all kinds with a value of \$5,379,000. Finland being first with \$7,787,000, Soviet Russia second with \$5,991,000, and Sweden third with \$3,773,000.

Canada was second in undressed hides and skins with a value of \$1,980,000. United States being first with \$2,506,000, and Soviet Russia third with \$1,176,000.

Canada was first in aluminum, ingots, blocks, etc., with 231,000 cwt., Switzerland second with 41,000.

Canada was second in lead with 77,000 tons, Australia being first with 164,000 and British India third with 42,000.

Canada was first in crude zinc with 77,000 tons, Belgium second with 15,000.

Canada was first in crude zinc metals with a value of \$6,409,000, Chile second with \$2,730,000, Australia third with \$2,250,000, United States fourth with \$1,915,000.

Canada was first in sensitized photographic plates and films with a value of \$342,000, United States second with \$17,000.

Canada was fourth in cutlery, hardware and instruments with a value of \$404,000. Germany was first with \$2,091,000, United States second with \$1,257,000, Switzerland third with \$1,233,000 and France fifth with \$327,000.

Canada was second in vacuum cleaners with a value of \$42,000, Sweden being first with \$51,000. United States third with \$24,000 and Germany fourth with \$11,000.

Canada was third in machinery with a value of \$561,000, United States was first with \$4,559,000, Germany second with \$1,831,000, Sweden fourth with \$572,000, Switzerland fifth with \$500,000, France sixth with \$392,000.

Canada was sixth in manufactures of wood and timber with a value of \$108,000. Finland was first with \$1,307,000, United States second with \$1,015,000, Soviet Russia third with \$729,000, Sweden fourth with \$511,000, Germany fifth with \$444,000.

Canada was sixth in chemicals, drugs, dyes and colors with a value of \$379,000. Germany was first with \$3,583,000, United States second with \$1,821,000, France third with \$761,000, Switzerland fourth with \$623,000, Belgium fifth with \$581,000, Netherlands seventh with \$174,000, Norway eighth with \$142,000, Argentina ninth with \$321,000.

Canada was first in patent leather with a value of \$352,000, United States second with \$85,000, Germany third with \$19,000.

Canada was second in newspaper with 1,571,484 cwt. Newfoundland was first with 3,532,094, Finland third with 1,459,990 and Norway fourth with 659,640.

Canada was first in rubber boots and shoes, rubber heels and soles and other rubber manufactures with a value of \$621,479. Germany was second with \$527,000 and United States third with \$147,491.

900,000 NEW VOTERS

There will appear on the lists of those eligible to vote at the next general election the names of approximately 900,000 young men and women who will be casting their first ballots. These young people, born between the years 1906 and 1914, have come to the voting age through two decades of the most exciting, tumultuous and perplexing years in Canada's history. They are a new, intensely alive generation. Five years ago these young people, in their teens were not especially interested in political matters. This year they are keenly aware of the significance of their government to their personal affairs.

London Is Chosen

PITTSBURGH.—London, Ont., was chosen recently by the Advertising Affiliation Convention as next year's convention city. Harold Denham of London was chosen first vice-president of the organization.

THE MARKETS

PRODUCE PRICES

United Farmers' Co-operative Co. Saturday were paying the following prices for produce:

EGGS—With cases returned, "A" large, 16c; "A" medium, 15c; "B" 13c; "C" 12c.

BUTTER—Ontario No. 1 solids, 20 1/2 to 20 3/4; No. 2, 20 to 20 1/2.

POULTRY

(Quotations in cents.)

	Live	Dressed	Dressed
	"A"	"A"	"A"
Hens—			
Over 5 lbs. ...	11	14	..
Over 4 lbs. ...	10	13	..
3 to 4 lbs. ...	8	11	..
Old roosters ...	6	8	..

WHOLESALE PROVISIONS

Wholesale provision dealers are quoting the following prices in the Toronto retail trade:

Pork—Ham, 21c; shoulders, 18 1/2c; butts, 17c; pork loins, 21c; picnic, 14 1/2c.

Lard—Pure, (Jersey, 12c; tub, 12 1/2c; pails, 12c; prints, 12 1/2c. Shortening—Trecos, 9 1/2c; tub, 10 1/2c; pails, 10c; prints, 10 1/2c.

GRAIN QUOTATIONS

Following are Saturday's closing quotations on Toronto grain transactions for car lots, prices on basis c.i.f. Bay ports:

Manitoba wheat—No. 1 Nor., 80 1/2c; No. 2, do., 80 1/2c; No. 3, do., 84 1/2c; No. 4, do., 80 1/2c; No. 5, do., 74 1/2c.

Manitoba oats—No. 2 C.W., 47c; No. 2, do., 43 1/2c; extra No. 1 feed, 42 1/2c; No. 1 feed, 41 1/2c; mixed feed oats, 35c.

Manitoba barley—No. 3 C.W., 47 1/2c; No. 4, do., 43 1/2c; No. 1 feed screenings, 39 per ton.

South African corn, 80c.

Wheat, approximate prices (on point):—Wheat, 37 to 39c; oats, 32 to 33c; barley, 43 to 46c; corn, 38 to 41c; rye, 52 to 53c; buckwheat, 47 to 49c; malting barley, 61 to 66c.

Voice of the Press

CANADA PAVING BY CHECK.

Judging by the amount of cheques charged against individual bank accounts Canadians are great cheque writers, and have explicit faith in soundness of Canadian banking institutions. The confidence which Canadian banks enjoy has been augmented by the fact that no bank failures occurred in the Dominion during the recent world-wide depression, and as a result the pay-by-check method of remitting payments is used almost universally. Over 90 per cent. of the total payments of accounts in Canada during 1934 were made by cheque.—Canada Week by Week.

A HOPE FOR THE FUTURE

Glands and gland secretions have in recent years come to attract more attention from research workers and specialists than they used to. It is being realized they have a vital influence on mental capacity, on whether we are tall or short, stout or thin, and in various ways they almost govern our existence. What doctors know today is as nothing compared with what they may know ten or twenty years hence, and it may be that by controlling the glands, extracting the bad juices and by injecting new ones, a pretty near perfect race will be developed, physically, mentally and morally.—St. Thomas Times-Journal.

PRISONER ROBBED

A lone prisoner in the city hall at Cranston, Mo., alarmed the citizens in the middle of the night by dashing into the street and shouting, "A cop! a cop!" It developed that the marshal had not locked the jail door and a thief entered and robbed the inmate of \$17. Jail are made to keep doors in, but the jailers should also see to it that no rogue be permitted to enter unless duly tried and sentenced by court. That is only fair to the legitimate residents.—Montreal Gazette.

UNIVERSITY FEES

While there will naturally be some regret that the Ontario Government has found it necessary to cut the grants to the universities of the province, there can be little criticism of the decision of the university authorities to meet the situation by raising the fees.

This is a step which might well have been taken earlier. The cost of university education in Ontario is low as compared with costs in many other countries. It is not reasonable that the taxpayers in general should pay as much as they have been paying of the cost of such education for the relatively limited proportion of the population which takes advantage of our facilities for university education.

It is only fair that the people who get the direct benefit should foot a larger part of its cost than they have been asked to do in the past.—Kingston Whig-Standard.

BACK TO THE FARM

Tramps in town appear to be more numerous than ever, 25 to 30 sleeping in the Town Hall some nights. We have long held the belief that the majority of them would work if given the opportunity, but that belief has been shaken considerably during the past weeks, since more than one farmer has told us that when approached these men absolutely refuse to go on a farm, some of them boasting of their ability to "get by" without working.

According to Government statistics, farm workers are in more demand than has been the case for many seasons, and wages offered are higher. This, one would think, would induce some of the drifters to become self-supporting and regain their self-respect, but this does not appear to be the case.

In every centre there must be men in good health with some knowledge of farm work who are being maintained out of public funds, while the farmers are seeking help.

Some way should be found of bringing the two together.—Lindsay Post.

THE BOOK SURVIVES

Another thing that militates against the book is, strange to say, its permanence. The candles, the luxurious meals, are eaten and forgotten. The trip comes to an end, and the expenses are forgotten. The cigars and cigarettes are smoked and the cost passes into oblivion in the same way. The costly dress wears out. But the book remains on the shelf year after year, a mute witness to supposed extravagance.—London Advertiser.

THE EMPIRE

HOUSES 120 A WEEK

Houses of the three-bedroom type, with good fittings, bathroom, electric light and cooking and large garages, are being built in Welwyn Garden City, and, without any Government subsidy, they will be let at 12s per week. The municipality will put up 50 of these houses, while another 50 of a slightly superior quality, though of the same general type, are being built to let at a few shillings more a week by private enterprise with the aid of loans from the Council.—Industrial Britain.

First Birthday Of Dionne Quintuplets Makes History

From premature infants, feebly responsive to energy from an eye-dropper, Canada's famous Dionne Quintuplets of Callanburg, Ont., have developed in one year to healthy youngsters wrestling vigorously in a greedy attack on their cereal bowls. They may have been introduced to birthday cakes, in recognition of their first birthday on May 28. They are seen above, surveying the new delicacy—the Ontario Government, through the Hon. David A. Croll, Minister of Welfare, has set aside the quintuplets' birthday week as a province-wide "Adopt a Baby" week, to take care of numberless children at present in care of welfare agencies and orphan institutions.

BUILDING SHOWS GAIN IN APRIL

Contracts Have Value Of
\$11,379,000 Against \$8,499,000 in March

Ottawa — Construction contracts awarded throughout the Dominion for April as compiled by MacLean Building Reports, Ltd., amounted to \$11,379,000, as compared with \$8,499,000 for the month of March. The total for the year to date is \$46,770,770 as compared with \$41,524,700 for the first four months of 1934, an increase of 12.5 per cent. For the same period of 1933 the total was only \$15,312,000.

Activity in the province of Ontario remains steady. April awards amounted to \$5,079,100, as compared with \$3,272,700 in March and \$5,004,900 in April, 1934. The total for the year to date is \$23,721,700 as compared with \$17,973,100 for the corresponding period in 1934, an increase of 32 per cent.

Quebec registers a substantial increase, April awards amounting to \$2,402,000 as compared with \$1,219,000 for March. Manitoba comes next with \$1,725,700; British Columbia, \$420,500; Alberta, \$383,500; Nova Scotia, \$435,500; New Brunswick, \$201,000; Saskatchewan, \$212,000; Prince Edward Island, \$58,500.

For the first four months of 1935 the following provinces show large increases as compared with 1934:

Manitoba	\$2,381,000	\$ 446,700
B. Columbia	3,014,200	1,427,400
Nova Scotia	1,200,200	423,500
Alberta	1,112,200	698,500
Saskatchewan	975,200	237,500
New Brunswick	734,200	447,100

LARGE AWARDS IN APRIL
Construction contracts awarded in Canada during the month of April, where the value of the work undertaken exceeded \$50,000, were as follows:

Winnipeg, Federal building	\$1,412,300
Poinc aux Trembles, refinery	250,000
Edmonton, barracks	248,944
Nanaimo, wharf	176,093
Toronto, postal station	127,300
Moncton, post office	120,000
Toronto, breakwater	112,000
Quebec, repairs to aqueduct system	100,000
Montreal, alterations to garage, office and show-room	90,000
Halifax, replacement of machine shop	87,500
New Toronto, public building	75,055
Oakville, watermain extension	75,000
Ville LaSalle, sewer	60,000
Aldershot, cold storage plant	60,000
Toronto, theatre	60,000
Arthabaska, repairs to college	50,000
Three Rivers, gas conduits	50,000
Nelson, warehouse	50,000
Brandon, addition to armory	50,000
Winnipeg, grandstand and roof of buildings	50,000

Single Track Minds

My sons are very dear to me,
I like their voices sweet,
Provided they say anything.
But when, when do we eat?

The doctor says they're normal boys
With health and mind complete,
Yet all they seem equipped to say
Is, "Mom, when do we eat?"

Tough teachers all report them fair
In books and playgrounds too,
At times I fear that all they know
Is, "Mom, when do we eat?"

A May Morning

Lord of the sweet new blossoming
I ask today,
That every woman may know spring
This May.
A spring that throws the ice from lips
Loved for a time,
And warns the heart that knows no ships,
Nor rhyme.
A spring that gives the hand a bloom
For winter's glove,
And makes the good wide world a room
For love.

Cream in Siphon Fizzes to Whip

New York—A siphon which produces whipped cream instead of softening water is the latest boon to housewives.

The cream whips itself as it comes out, the American Chemical Society was told by G. Frederick Smith and C. A. Getz, of the University of Illinois.

They reported that a half-pint of cream would produce two and a half pints of whipped cream. The siphon will deliver any amount wanted from a drop at a time to the entire contents of the bottle.

The thing is done by charging the cream as the water is charged. The cream (fat), however, is nitro-cellulose instead of carbon dioxide.

WAS CONSTIPATED FOR 30 YEARS

Woman's Long Search For
a Remedy

The trouble with most remedies for constipation, as this woman found, is that they give only temporary relief. Having at last found a permanent corrective, she writes to tell us about it—

"For upwards of 30 years I was a victim of acute constipation. I tried practically everything that it was possible to try. I admit I was a chronic case, and every new remedy I tried helped for a day or two—after that I was just as bad as ever. Three months ago I took my first taste of Kruschen Salts, and every morning since, and every morning so long as I live, my first duty upon rising is to take my Kruschen. I recently felt a different woman. My bowels act to the clock, and my friends remark how well I am looking. My only regret is that I didn't try Kruschen years ago."—(Mrs.) A. M. Kruschen Salts is Nature's recipe for maintaining a condition of internal cleanliness. The six salts in Kruschen stimulate your internal organs to smooth, regular action. Your system is thus kept clear of those impurities which, allowed to accumulate, lower the whole tone of the system.

Manitoba Sends \$1,000
For King's Cancer Fund

Winnipeg — A contribution of \$1,000 from the Manitoba Government to the King George Jubilee Cancer Fund was sent recently to Lady Beasborough at Ottawa. Previously, \$200 towards the expenses of the fund's Manitoba committee had been donated.

ANNOUNCING A New Firestone HIGH SPEED TIRE

50% MORE
NON-SKID
MILEAGE

In this new High Speed tire you still get all the extra features of former Firestone tires and, in addition, a new Super-Safety tread that gives 50% more non-skid mileage—no extra cost! Put these new tires on your car—see the Firestone Dealer today.

BUILT IN ADVANCE
OF TODAY'S NEEDS

A Real Swell

You, proud, envied and debauched spendthrift just because he eats salt which is money in his country! Interesting isn't it? One of many weird customs and superstitions told in picture and story in our new book for children: "Salt all over the World." Chockful of interest and entertainment for all. We want you to have it free with our compliments! Send coupon now.

Try this!
When peaching eggs, a pinch of WINDSOR SALT makes the whites set.

WINDSOR SALT

Sketch Club

THREE TONE DRAWING
In Fig. No. 187 we illustrate a design suitable for a calendar or even a magazine cover. It is composed of three lines, BLACK, HIGH LIGHT and LOW LIGHT. Black on the foreground, trees, hills and head. High light on the sky, also on the tree trunk and the light spots of the foreground. Low light on the back of the figure and the outer portions of the sky. This drawing may be

In Lesson No. 80 we chatted about the artist not being given the complete data before commencing to lay out the design.

Now let us chat about another phase of dominance. Suppose you are asked to create an advertising design wherein the element of text becomes secondary to the art feature of display, such as in window cards, street car cards, or an outdoor poster. You may develop a very beautiful color theory and your design may be very commendable artistically; but, when the finished product appears in the store window, or in the car, or on the billboard, you may find that the next door neighbor, or the next card, or the next poster has such a dominating display that it smothered the beauty of your effort. Your effort as meritorious as

it stood alone; but, it lacked the ADVERTISING WALKUP when in competition beside other designs. You may have had a very elegant idea, which, because of the wrong choice of treatment, errors of composition or expression in color failed to carry sufficient strength to meet competition for attention against the other advertising which appeared along side your own.

In the next lesson we shall chat about a common error, viz: overlooking the "Merchandising Sense."

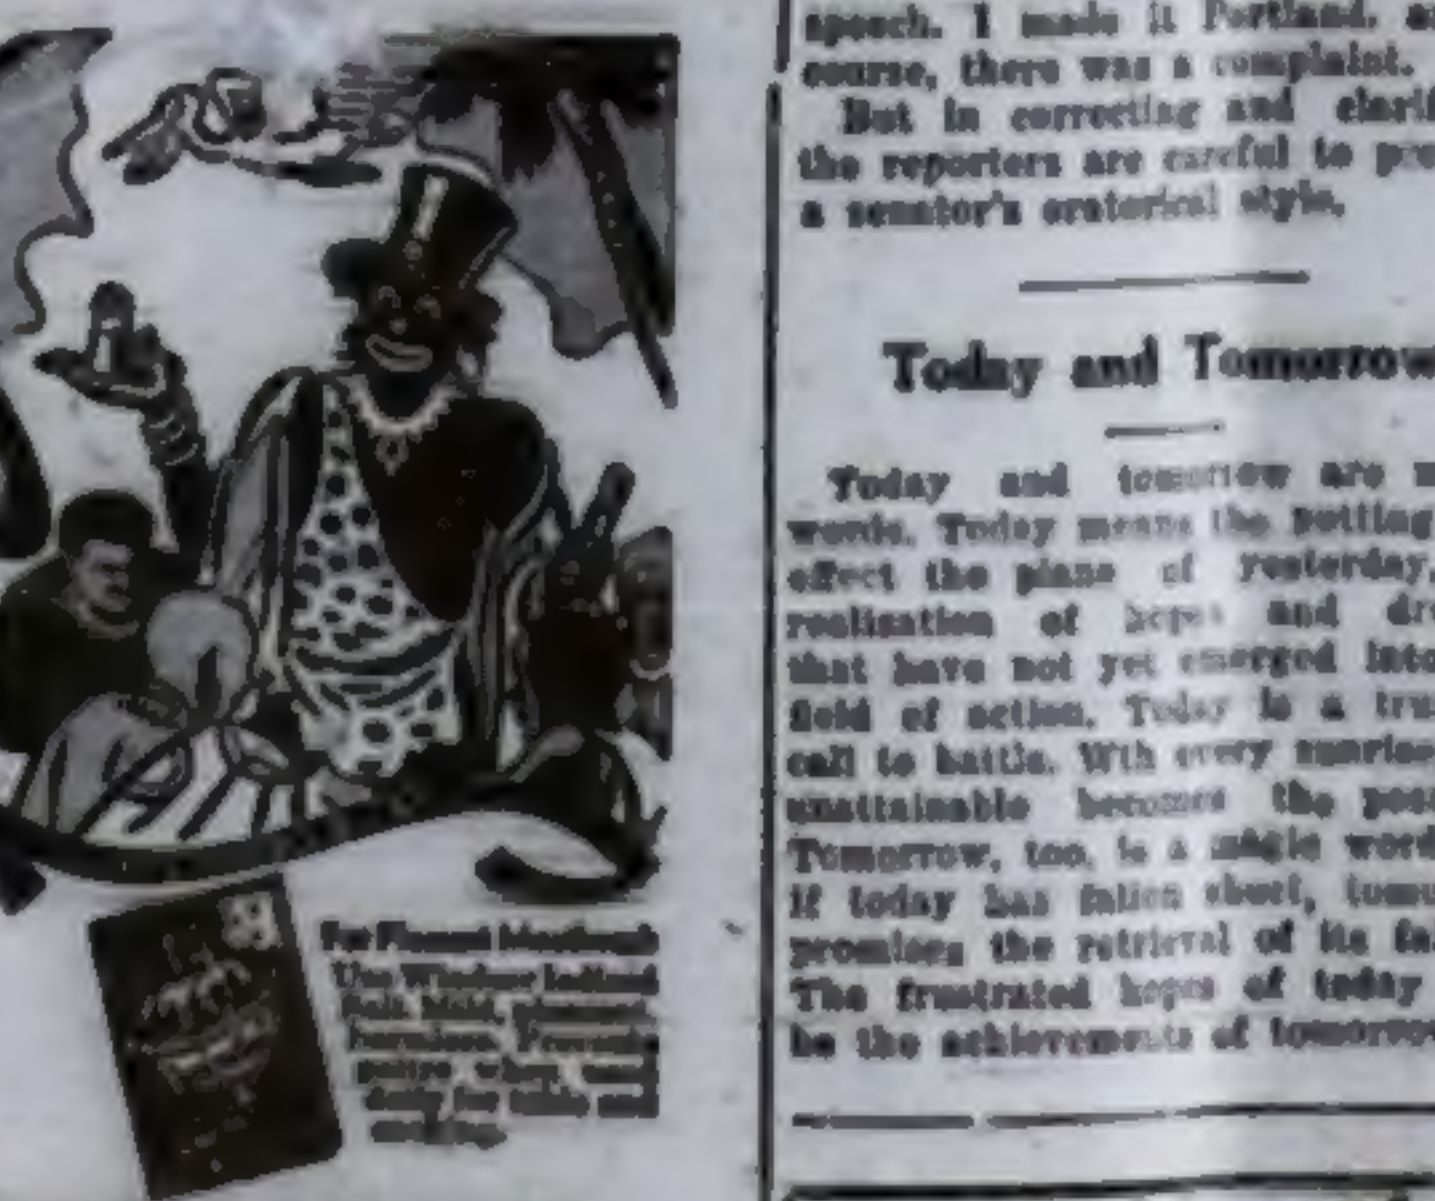

6 MEN HAVE JOB KEEPING U.S. SENATORS' ENGLISH PURE

WASHINGTON—When a senator says "Ah!"—and it appears some of them have been known to—appears in the Congressional Record as "see not."

Putting up the grammar of the senators is one task of six of the best shorthand reporters in the nation, who record the torrent of words in senatorial debate.

The six reporters, headed by James W. Murphy and Percy E. Badling, are only beginning their duties when they feverishly scratch potshooks in their notebooks.

With an average experience of 25 years behind them, they take 12-minute turns in note taking on the Senate floor. Then they hasten to their headquarters in a room nearby and dictate the remarks they have just heard.

Today and tomorrow are magic words. Today means the setting into effect the plans of yesterday, the realization of hopes and dreams that have not yet emerged into the field of action. Today is a trumpet call to battle. With every sunrise, the unattainable becomes the possible. Tomorrow, too, is a magic word, for if today has fallen short, tomorrow promises the retrieval of its failure. The frustrated hopes of today may be the achievements of tomorrow.

POTATOES FOR STARCH URGED

Premier Tilley Complains
Of Research Group's
Attitude

St. John, N.B. — Protesting against what he termed a discouraging attitude taken by Dr. G. E. Whitby, chairman of the potato research committee, towards potato starch development in Canada, Premier L. F. D. Tilley of New Brunswick announced recently he had asked Hon. R. H. Hanson, minister of trade and commerce, to look into the matter.

"I have asked Minister Hanson to take this matter up because it seems to be a move to influence the public against potato starch development," the premier said.

He stated that New Brunswick with extensive potato-growing areas is vitally interested in Canadian manufacture of potato starch.

Dr. Harold Hilbert, industrial chemist at McGill University, stated a short time ago there was not a single product now made from corn starch that could not be made from potato starch, the premier added.

Dr. Whitby is head of a joint committee appointed by the federal department of agriculture and the national research council to find new uses for Canadian potatoes.

Applying Fertilizer
Varies With Variety

In experiments that have been conducted in Eastern and Western Canada for several years by the Division of Field Husbandry, Dominion Experimental Farms concerning methods of application of commercial fertilizers, with particular regard to the placement of fertilizer in relation to seeds, it has been demonstrated that for wheat, oats and barley more economical yields may be obtained by applying commercial fertilizer directly in contact with, or slightly below, the seed than by applying it broadcast.

In certain crops, the germination of the seed is checked and in some cases completely ruined by contact with commercial fertilizer. While this does not apply to wheat, oats and barley, it is not advisable to seed corn in contact. The fertilizer should be applied in bands about two inches to the side and slightly below or level with the seed.

In the case of peas, the fertilizer should be separated slightly from the seed, preferably below the seed with one-half inch of soil between.

Good results have been obtained with fertilizer or potatoes, both broadcast and in drill or row. It is recommended, however, to apply fertilizer in bands at either side of the row and level with, or slightly below the sets or seed.

"For A Rainy Day"

According to a despatch from Ottawa, the supply of the new Canadian silver dollar is not to be limited. A new outlet is to be mined immediately to meet the demand. The original issue of 100,000 coins was early acquired by eager citizens, and the feeling has developed that the silver dollar would become a collector's coin.

It seems that thousands of people who wish to retain souvenirs in mark of special events exchanged ordinary currency for the silver coins with the intention of putting them away as mementoes of the King's Silver Jubilee. Countless others who do not yet possess the novelty will be pleased to learn that they will shortly have the opportunity of doing so.

Maybe it would be a good stunt for some of us to put a dollar aside "for a rainy day." If we don't have to spend it, we can come time show it to our grandchildren as a lesson in British history, and Canadian thrift.—Border City Star.

City Life At Sea

Pictures of the interior of the new French liner Normandie which will start on her maiden voyage to New York next month show that the apartments and public rooms look the same as the apartments and public rooms of city dwellings and big hotels. The Normandie has penthouses, bowling alleys, gardens, a church, theatre, shopping arcade, and, of course, several swimming pools. The accommodation in the Queen Mary will be very similar.

The directors of the French line claim that city dwellers boarding the Normandie will not know any difference in their mode of living from being at home. There will be telephones in every room, elevators, a newspaper, stock market board room and everything else that could be thought of.

All that is very wonderful, but isn't it rather taking the pleasure out of an ocean voyage? Not to know you are at sea unless you look out of the window, or the side, seems to some of us a case of being at sea at all. Probably it is because people like to feel they are at sea that the medium-sized liners, which are not quite so much "artificial," are full when the biggest ships are running with half or two-thirds of their suites and rooms booked.—St. Thomas Times-Journal.

Chewing Tobacco

Imperial Veterans

The Provincial Command held a general meeting on May 1st, to appoint Provincial Committees for Welfare, Pensions, Finance, Parade, Instrument and Pipe Bands and Publicity. A congratulatory cable was sent to the King and Queen on their Silver Anniversary. Two parades have been staged this year. The Gallipoli one, which was all Imperial, and the best one the "Immortals" ever had—thanks to W. Watson, Assistant Secretary of the Eastern Zone in Toronto, and the attendance at the Provincial Parliament celebrations in Toronto. Also made possible by the same chap. Representations from these parades reflect the need of funds, and more recognition of Imperial as an organized body by the authorities, steps being taken to remedy both of these matters now. New that Toronto Imperial are organized and have created a Provincial and Dominion Command, a constitution also drawn up and accepted, will be printed shortly. Copies will be sent free to anyone in the province outside Toronto, who is interested in promoting growth of a solely Imperial organization, on their formal request to the Provincial Secretary, Chas. E. Marley, Imperial Veterans' Corps in Canada, at the Corps Headquarters, 433 Broadway Avenue, Toronto. The Royal Coat-of-Arms Corps Badge will soon be available also.

Toronto Zone news reports a general meeting of the Western to be held at St. Julien Hall, 1230 Bloor St. W., on 15th inst, and the recently elected officers for 1935 as follows: E. Feist, president; W. G. Stevens, vice-president; W. Armstrong, recording secretary; G. Horton, financial secretary; W. Bailey, honorary treasurer; and S. Gilchrist and H. Haggart as Sergeant-at-Arms, and organizing secretary has still to be appointed.

Central will have a bi-monthly general meeting at Cumberland Hall, 3 Cumberland Street, 1 north of Bloor, on Tuesday, 16th inst, and on Friday, 17th inst, a concert and dance in the same hall. The Northern are throwing a social benefit Scotch night for the Eastern, at the former's clubhouse, 1215 Yonge St., on Friday, 16th inst, and hold their bi-monthly general meeting on Thursday, 16th inst. The Eastern will hold their Thursday social night on 16th inst also. Card games being the main activity on such nights, at the clubhouse on 433 Broadway. Let's mingle and multiply, boys.

"There's only one thing I'm really concerned about, and that's my sense of humor."—Tallulah Bankhead.

Community Advisory Board

Local Items of Interest

The regular monthly business meeting of Lincoln Loyalist Chapter, L.O. D.E., will be held in the club rooms on Monday, May 27th at 8 o'clock. A full attendance is requested.

Visit the Tulip Show of the Grimsby Horticultural Society on Saturday evening next, May 25th, in the Masonic Hall from 7 to 10. Open to all. A grand display of bloom is expected.

Mr. Geo. Haug has opened a garage and service station in the quarters formerly occupied by the Highway Motors, 147 Main St., West.

News Lawson and Deputy Reeve Graham of North Grimsby and Reeve Mogg of Grimsby were in attendance at the meetings of the Lincoln County Council held at St. Catharines on Tuesday and Wednesday.

A close check-up was made on trucks using the highway over the weekend at the weigh scales near Winslow, particularly from midnight on Saturday to Sunday at midnight. Head lights and tail lights were also closely checked.

Members of the Grimsby Fire Department, the town and township councils and the Water Commission attended the morning service in Trinity United Church on Sunday when the minister, Rev. E. A. Karchman, delivered a forceful discourse.

Owing to the illness of Magistrate J. H. Campbell, of St. Catharines, there was no court at Grimsby on Tuesday. Three local men who were to have appeared were taken before a J.P. and remanded until Tuesday next, May 28.

It is reported that the recent frosts have as yet done no damage. A frost at this time would cause heavy loss as farmers are setting out tomato plants and early crops. The frost below the mountain has been very slight but on top of the mountain it has been quite heavy.

The courts of Trinity Tennis Club will be open for play on May 24th at 2:30 p.m. Refreshments will be served. All who are interested in tennis are invited. The executive wishes to know how many will be present and would appreciate it if you would phone M. Collingford or M. Scott by Thursday evening if you intend being present.

The Lincoln County Council at its May session which concluded on Wednesday, appointed a committee of three comprising Reeve Mogg of Grimsby who will be chairman, the Warden and ex-warden Stork, in connection with the equalization of assessment in the county, the committee to report to the council at a further meeting.

W. Wilson figured in a nasty accident on Main Street west, early Sunday morning when a car, stolen from a used-car lot in Hamilton during Saturday night, was sighted by Wilson in the centre of the road without lights, who in averring to avoid hitting it crashed into a tree, damaging his car considerably.

It was reported that three men jumped from the car and disappeared into the brush on the mountainside. A thorough search was made but no trace could be found of them. The stolen car was minus license plates.

A bicycle of the fashion of some fifty years ago was discovered by some youngsters in the barn of Councilor A. B. Bourne. It was the cause of much merriment to watch the younger generation and even some of the older ones, attempting to ride the high old fashioned cycle with its large front wheel and small back wheel, around the streets.

C. R. Murray, Robinson street south, Grimsby, made a hole in one from the 8th tee at the Deer Park Golf and Country Club, Grimsby Beach, while playing with Harry Altherton, of Chicago, on Saturday afternoon. According to information learned at the club house, this is the third time that a hole in one has been made from that tee. The distance is 225 yards and the drive a hard one from one plateau to another.

The Court of Revision for the town of Grimsby will hold sittings at the council chambers on Thursday, June 6th at 8 p.m. and on Tuesday, June 11th at 8 p.m. for the purpose of adjudge appeals for the year.

The Court of Revision for the township of North Grimsby will be held in the council chambers here on Saturday, June 8th, at 1:30 o'clock (D.T.) for the same purpose.

VERY SATISFIED says: Green Corn or Burton Salves are worth more. They do the work. At Dymally's Drug Store.

The SNAPSHOT GUILD

CHRISTMAS GREETINGS

They started out as ordinary snapshots but, artfully handled, turned out to be charming greeting cards. A simple, effective and individual solution of the greeting card problem.

SNAPSHOOTERS have a great advantage over ordinary folks at Christmas time, for they can easily produce Christmas cards that are 100 per cent. individual, unusual, and not at all expensive.

What's the purpose of a Christmas card, anyway? Simply to carry a message of cheer and goodwill from one person to another. It is, at its best, a very personal affair.

Snapshots of yourself, your home, your family, your pets or anything else that's part of your life can be easily used in Christmas cards. The result is cards like no one else's.

There are many ways of using snapshots in greetings. The photo finishers in your town are equipped to make greetings for you, using one of your own snaps. They do some beautiful things; it will pay you, at least, to investigate them.

Or you may want to be even more individual. One of the simplest greetings consists of a card with a snapshot pasted on it and a handwritten message below. Nothing can be more personal than that!

The opportunities for unusual and beautiful cards are endless. It's a challenge to your ingenuity. But no matter how clever the scheme, the snapshot itself must be good — and appropriate.

You might use a snapshot of your family, stood up in a row, facing the camera. But is there anything

Christmas about that? Not much. It would be far better, wouldn't it, to have a snap of the family grouped about the fireplace, hanging up their Christmas stockings? Or decorating the tree, or putting up a holly leaf on the front door? A view of your lighted home on a winter night would make a charming card.

Your camera can do just about anything you want, providing only that you give it the right kind of co-operation. For interiors and night views outdoors use a super-sensitive film; equip yourself with a few of the inexpensive modern lamps of the photoflood and photo-flash types; don't forget that auto head-lights can be used to light up small outdoor scenes sufficiently for brief time exposures. And so on.

But remember that now, of all times, your picture must "tell a story," must be clean-cut and vivid. The idea is the most important thing. With care you can get the picture you want.

Go into "executive session" with your family now. Discuss ideas, select the best — and get out your camera.

One word of advice, born of experience — simple ideas are best. They are easier to execute and, nine times out of ten, they "click" more effectively than something pretentious or complicated.

JOHN VAN GUILDER.

HEAVY WHITE FROST BUT NO DAMAGE

There was a heavy white frost on Wednesday night, May 15th, but no damage, according to district farmers. The mercury reached a low for the month of 23 degrees.

Farmers reported that the temperature dropped from 42 degrees at 11

o'clock Wednesday night to 22 degrees at 5 o'clock Thursday morning, starting to rise slowly shortly after the latter hour.

"It was a heavy white frost," farmers said, "but fortunately, it left no damage to the crops."

Farmers are hopeful that this frost will be the final for the season.

Social and Personal

Mrs. A. F. Rust of Toronto is visiting at the home of Mr. and Mrs. Brock Snyder.

Miss Joan Park and Miss Lena Simonds of Toronto were weekend guests with Mrs. Hume, Main Street East.

Mrs. George Kammacher, Jr., is spending a couple of weeks at Ottawa.

Miss Hilda Mould has been spending a vacation at Buffalo and Toronto.

Mr. W. Stephen of London spent the weekend in Grimsby.

Mr. and Mrs. H. Marsh, Toronto, spent the weekend at the home of Mr. and Mrs. A. P. Norton, Ontario St.

Mr. and Mrs. Brown of Sturford were visitors at the home of his sister, Mrs. Sovereign, on Sunday.

Mr. Humphries and daughter, Miss Humphries of Ouelph, were visitors at the home of Rev. and Mrs. E. A. Easchman over the weekend.

Mr. and Mrs. Geo. Hange who have until recently resided in Vancouver, B. C. have taken up their residence in Grimsby. They arrived here on Friday, motoring the distance from that province.

Among the guests from Grimsby in attendance at the Harold - Second wedding on Saturday afternoon in Bramford were Mr. and Mrs. P. H. Second and Mr. Jack Second.

Mr. and Mrs. L. W. Sovereign, Main Street East, spent a few days with friends near Waterford, where they formerly resided.

Among the young lady graduates who were honored on convocation day at McMaster University were Miss Jean Davidson, daughter of Mr. and Mrs. J. J. Davidson, who resides east of Grimsby and Miss Betty Briscoe, daughter of Mr. and Mrs. M. Briscoe, Main West.

A bus tour is being arranged by the Women's Institute of Lincoln County for members and friends visiting the Refectory Station at St. Williams, also Cold Storage Plant at Simcoe, the new Forestry Plantation at Turkey Point, Port Dover and other points of interest. Anyone wishing further details make inquiries of secretary of Local Branch of Women's Institute or write to Miss C. Gregory, R. R. 2, St. Catharines.

At the Beamsville council meeting last week it was decided to go to Toronto to wait on Hon. D. A. Croil, minister of public works to lay before him the plans of Frank Weir to build up the walls of the reservoir as a relief project.

GETTING FALL EGG MONEY FROM MAY AND JUNE CHICKS

To cash in on the high fall egg prices with late May and June hatched chicks, you need extra-vigorous chicks that have a reputation for making rapid growth. We suggest that you buy Bray's "Extra-Profit" chicks at this time of year. Because with ordinary good management and good feeding, you'll find them fully developed and beginning to lay in 5 months old.

Let us give you some examples of how rapidly Bray chicks grow. Mr. J. D. Price, Grimsby, Ontario, is raising 200 Bray Barred Rock "Sexed" pullets this spring. Many of his birds weighed a good pound and three quarters at only 5 weeks old.

Mr. Britt Riddell, King, Ontario, bought 207 Bray Barred Rocks from the January 24th hatch. He has raised 124 promising pullets, and a number of his birds actually weighed over 2½ lbs. at 12½ weeks old.

That's the kind of growth you've got to have if your May and June chicks are to lay many eggs for you while the Fall and winter prices are good.

We have shown you that Bray chicks can make the kind of growth that puts them in the laying pen at 5 months old — and with late May and June chicks that means eggs in November, December and January.

Bray chicks in late broods are ready for prompt shipment at the hatchery. Come for next time you're in town. See our new low prices and let us have your order for 1935 baby chicks.

OBITUARY

R. O. Walker
A life-long resident of Clinton Township, Robert Ogden Walker, passed away at his home near Beamsville on Wednesday morning, May 15, in his 74th year. The deceased had not been in the best of health for some years although taking an active interest in all the happenings of the community. The late Mr. Walker is survived by two daughters, Mrs. Janet Broadman and Miss Frances of Niagara Falls, Ont., Murray of Winnipeg, Man., and Fred at home; two sisters, Mrs. E. Teeter of Grimsby Beach and Mrs. A. Boer of Beamsville, and one brother, Murray, of Niagara Falls, N.Y. The funeral was held from his late residence on Saturday at 2:30 p.m. Rev. Stuart Woods of Port Hope officiated. Interment was made in Queen's Lawn cemetery, Grimsby. The pallbearers were Wesley Lane, M. Wilcox, John Book, Charles Orth, James Zimmerman and Edgar Wilcox, old neighbors and lifelong friends of the deceased.

Robert Young
Robert Young, beloved husband of Edith Stewart, of Blainville, died Friday morning at the General Hospital, after a lengthy illness. Mr. Young was born in Glasgow township 63 years ago, and had been a resident of Blainville for the last 33 years. He was a member of Harmony Lodge, A. F. and A. M., at Blainville. Left to mourn his death, besides his widow, are one son, Garfield, at home; four brothers, Albert and Raymond, Toronto; William in Victoria, B.C., and David, of Blainville; and six sisters, Mrs. Jennie Griffith, Mrs. Annie Erick and Mrs. Walker Young, all of Winona, Minn.; Leonard Bell, of Cayuga; Mrs. Clara Jarvis and Mrs. (Dr.) Agnes Walker, of Hamilton. Funeral services were held on Sunday afternoon. Interment was made in Trinity Church cemetery, Hannon.

Dr. Wm. A. Neff
A highly esteemed and widely known citizen, formerly of Mount Hamilton, Barton Township, and youngest son of Mrs. F. J. Neff and the late C. W. Neff, passed away at his residence, 288 Richter Avenue, Highland Park, U. S. A., Sunday. He was a member of a Detroit Masonic Lodge and ex-president of the Kiwanis club of Highland Park. He practiced osteopathy at his office on Woodward Avenue, for over eleven years and had made a host of friends through his work. In 1923 he married Miss LeVange Valentine of Detroit who survives. Other members of the family besides his mother, Mrs. F. J. Neff, St. Catharines, are Mrs. Rev. Fred Almsworth of Matamoras, Texas; Ernest F. Neff, St. Catharines; and Harry W. Neff of Simcoe. The funeral took place on Tuesday, from the funeral parlors of Crosby undertakers. Interment was made at Oak View Cemetery, Royal Oak.

Albert J. Stewart
In his 70th year, Albert J. Stewart died on Tuesday, May 14. He was a native there for over twenty years before coming to this district. Four daughters survive, Mrs. Robert Potter and Mrs. Earle Hoffman, of the township; Mrs. James Warwick, of Hamilton, and Mrs. Lorne Priest, of British Columbia. The funeral took place last week from the funeral home of J. W. Buck & Son to Queen's Lawn cemetery. Rev. Stuart Woods officiating. The bearers were Albert William and Harland Stewart, Robert and Miller Potter and M. Jackson.

Mrs. J. E. Daniel
Mrs. John E. Daniel passed away very suddenly at her home Monday, May 13th, after a long illness. She leaves besides her husband four sons, John, Jacob and Alvin, all residents of Smithville, and Steven of Niagara Falls, and one daughter, Mrs. Ella Wilcox, at home. Two sons were victims of the great war.

Mrs. Ann Ward
Born in Halifax, Yorkshire, England, 82 years ago, Mrs. Ann Ward died at the home of her son, George Funn, Stony Creek, Monday, after a brief illness. Mrs. Ward had lived with her son about one month, having resided in Hamilton for about 20 years. She was a member of the Church of England. Surviving are two sons, George Funn, Stony Creek, and James Funn, South Africa, and one sister, Mary, Tattersall, England. Funeral services were held at the L. J. O'Brien funeral home on Thursday at 2 o'clock. Burial will be made in Russian cemetery.

OBSERVED 4th BIRTHDAY
Congratulations were this week extended to W. P. Kennedy of the Lincoln County courthouse upon the occasion of his 44th birthday. The recipient is the town clerk of Lincoln, this day his forty-fourth continuous year, the service of the court.

EARLY CLOSING IS DISCUSSED

(Continued from page 1)
o'clock and in Paris at ten o'clock, doing just as much business as though they remained open longer. Co-operation along the line of early closing, he thought, could be worked out just as satisfactorily in Grimsby. Referring to drug stores he did not think they should sell anything but drugs on Sundays as it was unfair to other merchants if they did so as others remained closed. He said he would like to see something done to standardize time under which the stores here would operate.

Others present expressed similar views. In the expenditure by civic bodies of public money it was stressed that it should be spent in this community rather than with outside firms if their requirements were available in town.

WON HIGH HONORS

Mary Neff, daughter of Mr. and Mrs. E. F. Neff, has won several medals in music festivals held during the past week. At the Niagara Falls festival she was awarded first honors in the piano and violin classes. At the St. Catharines festival, with Helen Turner, she won first for piano duet under 12 and also came third, with 82 marks, for violin.

Mr. Robert W. Withington, president of the American Insulating Machinery Company, of Philadelphia, a former resident of the district, was an interested visitor to Grimsby during the week, renewing old acquaintances. He clearly recalls many incidents of earlier years and informed The Independent that he read with interest happenings of bygone days as recorded in the "Away Back When" column. Mr. Withington states that in New Jersey the blossoms were to be seen about a month earlier than here. He greatly admired the beautiful showing of bloom here and said he was always pleased to re-visit the community. He is at present making a business trip through the province.

ADOPT A BABY

APPEAL BEING MADE

(Continued from page 1)

"Not only the response to the 'Adopt a Baby' appeal, but also the evident care that the societies are exercising in seeing that the children are adopted into only suitable homes are highly gratifying information in these reports," said Mr. Heise. While the last desire in the world would be to discourage prospective adoptive parents by any fear of officious investigations, Mr. Heise explained the plain duty of the society to the children and the applicants too was to make sure of the mutual suitability of the child and the future home. To this end, he averred, enquiries should be conducted with friendliness and in strictest confidence, about the position of the adoptive parents, especially in regard to their health and character and the general environment of the domestic home.

homes for adoption. The placing of such children in adoptive homes is a regular part of Children's Aid Society work and they nearly always have in their care, one or more desirable children for adoption.

In addition to infants for adoption, the society has in its care at the shelter, several attractive boys and girls of school age whom they wish to place in free or adoptive homes. No greater service can be rendered by anyone than that of taking one of these boys or girls in their home and giving them the advantage of a normal family training. Always remember that it is not any fault of the children that they are in their present circumstances.

Very truly yours,

Local Superintendents.

CHEV. CATTLE TRANSPORT

An edition of St. Catharines Standard a few days ago carried a photo of six infants ranging from seven weeks to eighteen months who were being cared for by Children's Aid Society of the County of Lincoln and the City of St. Catharines and as a result of this publication, all but the tiny infant were placed in desirable

The Lincoln County Humane Society is devoting considerable attention to checking the proper methods of transporting cattle and poultry. A watch is being kept by the society's authorities for cattle transported in trucks with their heads tied too low and poultry in cases which do not allow proper ventilation.

THE QUALITY CHEWING GUM

THE REMARKABLE ROMANCE OF AN INDUSTRIAL DICTATOR

Velvet and Sted

By PEARL BELLAIRS

JEAN DUBOIS of humble origin, is introduced as a social equal of Miss Georgina La Fontaine, rather than as her secretary. She meets Piers Hansen, millionaire, who forces his attentions on her. Lord Edwards proposes to Jean.

"MARRY ME!" PIERS SAID

After four days in London, when Miss La Fontaine arrived, Cannes seemed like a dream to Jean. Then there was no time to reflect or regret, because Miss La Fontaine was assisting in the organization of a charity bazaar, and this meant that Jean was busy from morning to night.

That passed another fortnight away. After the rush, and the bazaar was over, life seemed very flat. It was so different here, writing letters and looking after the household affairs in Eton place, to that delightful carefree life at the Hotel Mediterranee. Cannes was remote indeed from the sober monotony of Miss La Fontaine's house.

Jean had time to go down to Honey Street to see her mother and the family. After the Riviera it appeared more sordid and dismal than ever, but the very misery of it hardened Jean's resolution not to succumb to the charms of the easy life she enjoyed with Miss La Fontaine.

One cold and foggy afternoon Jean was sitting alone in the drawing room at Eton Place writing invitations to a dinner party which Miss La Fontaine was giving during the following week. She was folding the last invitation into its envelope when she heard the door bell ring down below.

Georgie was out, and Jean hoped devoutly that whoever it was now bore away for otherwise she saw herself having to give tea to some elderly Countess or superannuated General.

In a moment or two the door was thrown open by Bates, the butler. To Jean's uttermost astonishment he announced:

"Mr. Hansen, madam!"

And before Jean could recover her composure, in walked Piers.

She had imagined that he was still in the Mediterranean with the "Corsair." She had fancied that he would never have to reckon with him again. Even had she known that he was in London she would not have expected him, busy as he must be, to call on Georgie!

"Hello!" he said, cheerfully. "How do you do?"

Jean was too dismayed to do more than murmur a reply as he advanced into the room. This invasion of her familiar haunts by one whom she was to term secretly to herself as "that Riviera nightmare" bereft her of words.

FOR FAST RELIEF FROM PAIN

All Druggists Have It

Get tin of 12 tablets or economical bottle of 24 or 300 at any druggist's.

DOES NOT HARM THE HEART

An Aspirin tablet starts dissolving as soon as it touches moisture. That means that Aspirin starts "taking hold" . . . cases even a bad headache, neuritis or rheumatic pain almost instantly. And Aspirin is safe. Doctors prescribe it. For Aspirin does not harm the heart.

Be sure to look for the name Bayer in the form of a cross on every Aspirin tablet. Aspirin is made in Germany and all druggists have it.

House No. 20-35

Lady Duff - Gordon Is Dead

pinous Dress-Designer Known As "Lucile" Was a Sister Of Elinor Glyn, The Novelist—They Were Born In Canada, Daughters Of The Late Douglas Sutherland, Of London Ontario.

London.—Lucy Lady Duff-Gordon, who as an internationally famous dressmaker gave the world the merry widow hat before the world war, died recently. She was a sister of the novelist Elinor Glyn.

Lady Duff-Gordon was 71. She had been in retirement for years. She founded the firm of society dressmakers, Lucile. She was well known in the United States.

Lady Duff-Gordon was the fore-runner of the dress designers of today. She emancipated the women of London from the woolen stockings and flannel undergarments of the Victorian era and substituted glamorous chiffons and silks. She coined the word "chic" as it related to clothes, created the split skirt for comfort, and was the first in stage a mannequin show.

In her time she achieved the most noted clientele of any designer. Queen Mary and the Duchess of York were among her customers and so were such famous actresses as Sarah Bernhardt, Ellen Terry, Gaby Deslys and Lillie Langtry.

But while as "Lucile" she was an acknowledged genius of dress design she had considerably less success in business. She was in bankruptcy in 1922 and several times was sued for various sums. She once told a reporter in bankruptcy that she did not know what a "share" was when he asked concerning her shareholdings.

Perhaps the most sensational incident in which Lady Duff-Gordon figured was the sinking of the Titanic on which she was a passenger with her husband, Sir Cosmo. A special commission in London investigated charges that they were among 12 persons who were rescued in a lifeboat built for 34. It was charged Sir Cosmo objected to having more persons in the boat for fear of endangering those already in. It was said he gave each member of the crew a \$5 note after they were taken off by a steamship. The court exonerated Sir Cosmo.

WHAT DOES YOUR HANDWRITING REVEAL?

All Rights Reserved

(Editor's Note: Here is another of those human interest problems with which this well-known writer has to deal in the course of his work. It will, we believe, interest many of our readers. Can this writer help YOU as he has helped so many others? See the close of this article for his invitation to YOU.)

I am giving part of a letter which I have received from a young lady of 25 years of age. Not for a long time have I received a letter which presents such a vital problem, having in it all the elements of romance, passion, unhappiness, and in essence, generosity of heart. It goes as follows:

"My problem is one which may be more prevalent than is thought nowadays. I have for about eight years been living with a man who loves me devotedly and whom I love with all my heart. His wife gave him a lot of trouble and unhappiness, finally leaving him to go abroad. She consented to divorce him, but when it came to the final point she refused. Now she is back again and wishes to resume her life with him. In the meantime, he and I have been living as husband and wife, and we have one child of whom we are both passionately fond. My 'husband' does not want to have anything to do with his wife, and insists on a divorce, and he now has evidence which will enable him to obtain a divorce, if she will not do so herself. The point that I would like to have your opinion on is whether this woman or myself would make the better wife to him. As I have said already, I love him with all my heart, but if I thought his happiness depended on this other woman, I would leave him, despite all there has been between us, and in spite of our boy. Please give me your frank opinion, and whatever the cost, I will carry out what I decide is my duty to him."

I am going to refrain from dealing with the moral angle of this case, because these people are living and earning out their own lives—and I am going to confine myself to the question of compatibility of temperaments.

I am profoundly happy to be able to say at once to this correspondent that, in my opinion, judging from the various characteristics revealed to me in the specimens of handwriting she sent to me, she is the one who will make the man happy. She is of a warmhearted and affectionate nature, sympathetic and generous, and has a very even temperament. She will, I am convinced, make a

companionable wife and a good mother.

The other woman's writing shows that she has a very strong temper, is of a markedly self-controlled type, and has very little time or inclination to study the interests of others. She is narrow-minded and selfish, and undoubtedly through all this affair she has been actuated solely by her own desires and self-interests.

I say advisedly that my correspondent should encourage the man to insist on a divorce, and if this other woman will not go ahead herself, then it is up to the man to do so. This is not the time to "bent about back"—it is essential that you be in a position to marry the man you love and who loves you—and with all my heart I wish you success and future happiness.

I am writing at greater length direct.

Do YOU wish to know what YOUR character is from your writing? Have you any problems that are perplexing you? The writer of these articles can help you just as he has been able to help many other readers. Perhaps you wish to find out the truth about your friends, too? Good questions of the writing you wish to be analyzed, enclosing the coin for each specimen, and stating birthdate in each case. Enclose with a 3c stamp, addressed envelope to: Geoffrey St. Clair, Room 211, 73 Adelaide St. West, Toronto, Ont. All letters are confidential and readers may be assured that they can write on their personal problems with complete confidence. Letters will be answered as quickly as possible.

Lady Duff-Gordon was born in London, Ont. Her father was Douglas Sutherland. In 1903 she married Sir Cosmo after the death of her first husband, James Wallace. Sir Cosmo died in 1931.

Vancouver Votes To Lower Tax Rate

Vancouver.—The City Council recently voted to reduce Vancouver's 1935 tax rate by two mills, bringing the levy down from 33.94 mills to 31.94 mills.

The reduction, asked in a resolution by Alderman W. W. Smith at the request of Mayor G. G. McGeer, will lap \$201,100 of civic revenue, but Mayor McGeer said he expects the city will benefit through more prompt payment by taxpayers under the reduced rate.

Ald. A. G. Harvey opposed the reduction, declaring that it would make little difference to the small taxpayer, but would make considerable to the large property owner.

NO WORD WASTAGE.

An able English tourist came upon an ancient grave-digger in a Scottish churchyard, and, anxious to be sociable, remarked: "I suppose things are very quiet here?"

"Not so quiet as them towns," was the discouraging answer.

Unabashed, the Englishman tried another. "Yes, indeed," he said, "but I suppose people do not die often here?"

"Only once, sir," replied the grave-digger.

"No doubt," rejoined the other, "I suppose you have spent all your life here?"

"Not yet, sir."

And that was as far as the Englishman got.

Lobar Pneumonia Preventive Vaccine Ready for Human Use

Philadelphia.—Discovery of a vaccine against lobar pneumonia was reported by Dr. John A. Kolmer recently before the 19th annual clinical meeting of the American College of Physicians.

The physician, who gained prominence through his discovery of an infantile paralysis vaccine, said the new serum was the result of three years' investigation at the Research Institute for Cutaneous Medicine.

"So far we have had a very large degree of success in the treatment of dogs, monkeys and other animals," he said. "We feel that the time has now come when the vaccine can be used successfully on human beings, particularly those who are exposed to pneumonia because of their occupations."

He said the group included such outdoor workers as policemen, firemen and others.

"The vaccine is purely a preventive one," he said.

Dr. Kolmer said the vaccine was made from five types of germs which cause the disease. He added that it had been successful in from 50 to 85 per cent of the cases in which it was used.

Unemployment Among U.S. Women Waning

Washington.—According to her mail reflects decreasing unemployment among American women, Mrs. Franklin D. Roosevelt said recently, women were showing great inequality in solving depression problems.

Among her 2,000 weekly letters, however, there is an increasing proportion from "white collar" women seeking help on individual problems rather than just any kind of a job.

"While there is a decrease in the number of people who want jobs, there is a change," Mrs. Roosevelt said. "Their problems cannot be fitted easily into categories because the individual requests are more for some specific thing that will help them get back on their feet, some way to carry on a business they have started, or help them get something they need on the farm, or find ways to educate their children. To many of them, these things seem the last jump over their difficulties."

Each request is investigated, she said, and some way usually is found to aid those who really need it.

A Boon To All Who Use YEAST

"I find Phillips Pure LIVE Yeast helps me digest more than anything else. It cures my appetite . . . and aids digestion afterwards."—London, England—Extract from original letter.

In Phillips Pure LIVE Yeast a way has been found to preserve in the highest state of activity the live organisms which make yeast such a potent corrective of the ill arising from trouble in the digestive tract.

We need, now, to better about our nutrition each day, Phillips Pure LIVE Yeast can help you. You can get a month's supply and more about—and save money by doing it.

Phillips Pure LIVE Yeast is an English discovery—one that has helped many thousands in England to new health. It cures digestive troubles, makes your food do you good, and builds up your mind.

If you have found yeast good for you, you will find Phillips Pure LIVE Yeast both beneficial and economical. And you'll like it. 10 days' supply (in cans of 100 tablets) for \$1.00. 30 days' supply, \$2.00 at your druggist's.

WEAK WOMEN

Are you tired, run down? No pep? No confidence? Take Lydia E. Pinkham's Vegetable Compound. It cures nervousness, improves appetite—makes life seem worth living again.

Mrs. James Martin of 227 1/2 Main Street E., Hamilton, Ontario, says: "Your Vegetable Compound built me up wonderfully. I have gained weight, my nerves are better and I have a good appetite. I feel much stronger."

Try Lydia E. Pinkham's Vegetable Compound.

THE CLERGY WOODS AT CARLETON PLACE

(By the Forestry Branch, Department of Lands and Forests for Ontario.)

The Clergy woods at Carleton Place is a demonstration of improvement cuttings, protection and reforestation. Prolific natural reproduction has been secured since the stock were shut out in 1931.

The Clergy woods of approximately 100 acres in about one-half mile north of Carleton Place. It has been designated a demonstration woodlot by the Ontario Forestry Branch. The woodlot is visited annually by an officer of the Forestry Branch, and he marks trees to be removed for fuelwood.

Rev. G. G. Wright, a former rector, was instrumental in securing the assistance of Forestry Branch officials and he supervised the cutting, planting of trees and the erection of a fence in 1931. Rev. Mr. Bruce, his successor, is very much interested in the development of the woodlot.

Previous to 1931 the stock had the run of the woods, as well as the adjoining pasture. A large percentage of the woodland was quite open and there were a number of open places without trees. The stock browsed off the tree seedlings that started and there were few trees under 25 years.

There was a heavy crop of sugar maple seed in the fall of 1930 and in the following spring this seed germinated. These seedlings have grown well and they show the fine stand of valuable trees that may be secured by protecting woodland from stock and fire.

5,000 EVERGREENS

Six thousand small evergreen trees were planted in the spring of 1931, and in 1932 an additional 4,000 were planted. They were planted in the open places, as it would be some time before these would seed up naturally on account of the soil and the absence of seed trees. They are making a fine showing and the survival percentage is very gratifying, especially when the dry seasons and the shallow soil on some of the sites is considered. It is planned to plant 2,500 more next spring.

The resident rector has secured about 35 cords of four-foot annually from the woodlot for over 50 years. A few trees have been taken out as the trees died or lumber was needed. In addition, sufficient fuelwood to supply the parish hall has been cut by a few of the members the past two years. Since 1931 the fuelwood cutting has been done with the purpose of improving the growing conditions.

DEFECTIVE TREES

The following types of trees are being removed for fuelwood:

1. Defective trees.

This includes decayed trees and those with badly broken crowns. These trees are deteriorating in value and are often interfering and holding back younger trees that would grow into large valuable timber if given encouragement.

2. Dead trees.

Trees with short trunks and wide spreading crowns.

This type of tree is known as a wolf tree. The large crown does great damage to young growth that has started beneath them and they are occupying space that should grow 2-4 fine timber trees.

4. Wood trees.

There is a great difference in the value of different species of trees and those of lesser value are known as weeds. Ironwood is the principal weed tree in this woodlot, and it is considered a weed because it seldom reaches a diameter larger than 6 to 8 inches.

5. Trees that are interfering with valuable young growth.

A crooked tree or one of a valuable species often holds back and partly ruins valuable growing trees. A sound mature tree may be shading valuable young trees that will be spoiled if not given a better chance. When the future of the woods is in the hands of the young trees it is important that young trees are given preference over the old mature ones, as they will largely make up the stand, while many of the mature trees of today will have died.

6. Thinning.

When trees need to be closely spaced when "stall in order" that they will be forced to grow tall. The close spacing also causes natural pruning, as the lower branches die when they are shaded from the sun. Later they are broken off and all the wood that is grown on the bole after the branches are removed is clean lumber. The close spacing of trees is needed to produce fine lumber, as trees are grown with long boles with little taper and the lumber is free of knots if the branches are pruned. A tree requires more crown space and a greater area of ground as it increases in size and it secures this

space by "stealing" it from the trees which should be removed for fuel wood, or lumber, if large enough, as they will eventually die.

"There is time to speak and a time to be silent. One defeats one's own ends by not observing these times."—Masefield.

1,000 PAIRS OF MONARCH DEBUTANTE SILK STOCKINGS

Free!

Go to your druggist or department store and buy RIT Dye (any color, 15c-25c for 25c). Use it. Then tell us in a statement of 50 words or less, why you prefer RIT—1,000 pairs of Monarch Debutante silk stockings—shadow-free pure silk children's stockings—lower priced shadow-free guaranteed \$1.00 value—will be given to you as a prize.

There are dozens of reasons why you will prefer RIT. RIT comes in 35 basic brilliant colors, from which can be produced over 250 of the newest Paris shades.

FAST COLORS WITHOUT COOKING!

Only RIT offers this advantage! RIT is the modern tint or dye—color and more—fast superior to ordinary "vat" dyes. Because it contains a patented ingredient that makes the color set in deep, not fade and last longer. Sold everywhere.

HOW TO WIN

1. Write a short statement (under 50 words) on why you prefer RIT Dye and send it together with no empty RIT package (or reasonable facsimile) and your name as address, to John A. Hunter Co. Ltd., 4 Columbia Rd., Toronto.

2. Send as many as you wish; account closed midnight June 30, 1935.

3. 1,000 pairs will be awarded on the decision of the judges, which will be final. Whether you win a pair of silk stockings or not, we will mail to all winners free of charge, our famous booklet, "The A.B.C. of Home Dressing."

RIT

Write and RIT will send you a booklet on how to use RIT and why you should use it. It's free!

Potpourri

By Mair M. Morgan

KNOW YE THESE FACTS???

Attending the Beaux Arts Ball I learned something about Union Station! It is said that the average Londoner has never visited the Tower. Torontonians are not aware that they can, for fifty cents, hire a private bathroom, with limitless hot water, soap and towels at Union Station. This I was told by a visitor to town, who had arrived in late and did not want to disturb the party in progress by bothering the hostess for a tub.

Another interesting item — travel-weary mothers with children who feel they cannot face curious eyes in a public restaurant can have their tea served in the Ladies' Waiting Room.

Both these items are worth remembering.

FOR PITHY READING

If you haven't purchased a copy of Toronto's up-and-coming magazine CITY LIGHTS, you haven't had your monthly tonic. Here's a little item taken from one of its pages:

"We know a young man of artistic leanings and practically no business ability, who rented a house a little over a year ago. After about three months, along came a cold snap that froze up all the pipes and stymied the furnace. Although he'd signed a 12-month lease, he wasn't so artistic that he could live without water and gas, so he just moved out. His feeling of justification strengthened as time sifted by and he heard no more about it. Recently, however he was sued for nine months' rent and heavy damages caused through his supposed neglect. Not only did he come on the wrong side of a judgment with costs, but heard that the sheriff's office was looking for him. They caught up with him at seven o'clock one morning and a panic-stricken friend was just going to get a few things together for a trip across the Don, when the sheriff's man shook his hand. He moistened the end of a pencil stub and poised it for inventory.

Let's see, you don't own no property. Right? You don't own no car or furniture. Right? You don't draw no salary — just what do you make? So we might say you ain't got nothing. Well, that's fine. They can't touch you. This here'll be outlawed after seven years."

The officer then tendered his hand in a beaming farewell. Before closing the door, though, he turned back and told the young man that the court might want him to appear just for an examination of what he owned.

"I'll see if I can fix it up for you," he said, "you'll get \$1.50 for going down."

Just a sample of the scribblings. But you should see the cartoons!

A BOOK RECEIVED

"Mackenzie King" by Norman McLeod Rogers (Thomas Nelson and Sons, Limited, Toronto, \$1.00) is a sketch of the public career of the leader of the Liberal Party presented against the background of an eventful period in Canadian history. Norman McLeod Rogers, the author of this biography is a Nova Scotian by birth, elected to a Rhodes Scholarship at Oxford, 1919-1922; returning to Canada was appointed Professor of History at Acadia University; later admitted to the Nova Scotia Bar. In 1927 became Secretary to Mackenzie King in his capacity as President of the Privy Council. Since 1929 he has been at Queen's University as Professor of Political Science.

In Jubilee Procession

A new studio portrait of Mary Countess of Minto, a Lady of the Bed chamber to Queen Mary, who rode in one of the Jubilee processions. Lady Minto is remembered with warm esteem in Canada, where she took an active interest in welfare work throughout the country while her late husband, the fourth Earl of Minto, was Governor-General of Canada. She was particularly interested in district nursing service, an interest which she afterwards showed also in India when Lord Minto, was Viceroy. Lady Minto is a Dame of Justice of the Order of St. John of Jerusalem.

Good Advice

Johnny Dundee (left), former featherweight champion, gives a few pointers to Tony Cansoner, former lightweight champion, while he is training for bout with Lou Ampere in Madison Square Garden.

It's a Ball Idea!

Four female passengers on world cruise felt the influence of the Island of Bali so greatly after ship departed that they decided to bring its glamor back by having a Ball ball on deck. So here they are!

King's Voice Girdles Globe

When His Majesty addressed his subjects all over the world in connection with Jubilee Celebration "Big Ben" was heard. In the picture above, prepared by the B.B.C., are seen, left, His Majesty the King; top left, Big Ben; bottom left, scene of the coronation; centre, dome of St. Paul's Cathedral; bottom right, a London crowd watching a Royal procession; and top right, B.B.C. control engineers on duty at Broadcasting House, London.

These Laura Wheeler Motifs Are Quickly Embroidered

The kiddies will feel very proud to have these cute motifs on their bibe or nursery accessories. They are so simple to embroider that big sister could easily do them without even being helped. They can be done all in one color or in a great variety, as preferred. They are the sort of thing that make nice baby shower gifts or Fair donations.

Pattern 777 comes to you with a transfer pattern of motif 5 1/2 x 9 inches, a motif 8 x 8 1/2 inches and a motif 5 1/2 x 9 inches; material requirements; and illustrations of all stitches used. Send 20 cents in stamps or coin (coin preferred) for this pattern to Wilson Publishing Co., 78 Adelaide West, Toronto.

Poet and Master of Music

John Massfield, poet laureate, who penned a Song of Thanks giving for the King's Silver Jubilee; and Sir Walford Davies, Master of the King's Music, who set the sonnet to music. This musical feature was heard frequently during the Jubilee celebrations.

Wins Physicians' Award

Dr. Leo Loeb, of Washington University, St. Louis, Mo., who received the John Phillips Award for Medical Achievement at Philadelphia meeting of College of Physicians.

"I understand you have a new detective plane for your game in this case?"
"I did mean some rather ambitious plans for it, but I've changed my mind."
"Yes! The more I dig the smaller the space that I intend to dig becomes."

ENGLAND'S OLDEST MUSICAL FESTIVAL

Throughout the first week of September the 218th "Meeting of the Three Choirs of Hereford, Gloucester and Worcester" will take place in the Cathedral of Worcester on the banks of the River Sever.

This is the oldest musical festival in England and one of but a few of the once-famous festivals which have survived, is still flourishing and still significant. Most of the others have disappeared. They were designed primarily to fit conditions which have passed away—to give people from the counties an occasional excuse for a week of urban life. In their day, therefore, these festivals were fashionable and flourishing; artistically, they were vitally important, as a glance at the long list of great works which were commissioned by, and first performed at these festivals, will show.

As far back as 1715, the three cathedral choirs held "Music Meetings" annually at which they sang glees and madrigals. Seven years later these meetings were organized to provide a fund for the benefit of widows and orphans of clergy of the three dioceses. Ever since, interrupted only during the War, the festival has continued, not as an affair of cathedral choirs, but of a big choir of mixed voices drawn from the three cities.

Its form is now fixed. There is an opening service in the cathedral on Sunday afternoon attended by civic officials. Monday is devoted to final rehearsals, and Tuesday, Wednesday and Thursday to performances, mainly of oratorios, in the cathedral each morning, afternoon and evening. No Three Choirs Festival would be complete without at least one new work, frequently a work specially written for the occasion.

The whole festival is on a magnificent scale: the finest singers appear as soloists and the entire London Symphony Orchestra is engaged. It remains a tradition, however, that the conductor-in-chief shall be the organist of the cathedral in which the festival is proceeding, giving the place only to compare-conductors.

One peculiarity of this Festival is that, from beginning to end, no sound of applause is heard—if we except the single secular concert which latterly it has been the custom to hold on one evening in a public hall. The fact is, the whole festival is still conducted as a religious gathering, each performance opening and closing with prayer.

Most people, it may be said, find the absence of applause an attraction. But there is the other side to be considered: if the absence of applause, imposed by the use of a cathedral as an auditorium, is attractive, there is also a certain restriction of repertory. Not a few works written during the last 50 years are inadmissible to a cathedral. Such works, for instance, as Delius' "A Mass of Life"; Stravinsky's "Le Sacre du Printemps," and practically all Strauss' symphonic poems, fall into that category. Even so, the available repertory is wide enough, and there is no concert hall in England where orchestral and choral music sounds so fine as in these cathedrals of the West.

For many years Elgar has dominated this Festival, and especially it has become difficult to imagine a festival in his native city of Worcester without him. This year, for the first time, we shall have that sad experience, but we are promised performances of his works which shall remind us that he, being dead, yet speaketh.

Here his music is at home and it is only when it is heard in Worcester Cathedral that one fully understands the background against which it stood in the composer's mind, or grasps the significance in him of those sudden bursts of sound which so obviously were born to come away to silence in the great spaces of this splendid building.

A Bit Tangled

The unconscious humor of some advertisements is indicated in the following selections:

Lost: A pound note by a working girl tied in a knot.

Wanted: A capable housekeeper able to milk cows, to keep house for one.

Lost: A fountain pen by a man half full of ink.

For Sale: A bulldog, will eat anything, very fond of children.

Lost: A watch by a man with a cracked face.

Lost: Sealskin jacket by a young man with a cracked face.

TO-DAY

Today is the only day we have. Of tomorrow we cannot be sure; To seize the chance as it comes along.

Is the way to make it secure. For every year is a shorter year. And this is the truth sublime: A moment mispent is a jewel lost From the treasury of time.

CANADIAN-AMERICAN

WARM - SAFE - RELIABLE

Drivers for the Canadian-American line have built up an
 enviable reputation for skill . . . courtesy . . . reliability.
 That's why most people prefer to travel via Canadian-
 American, otherwise known as the Building line . . . operating
 between Detroit and Buffalo and with connecting carriers all
 over the United States and Canada.
 Ask your local agent about the large roomy English coach-
 es used by this line. They're over so easy . . . even on the
 coldest days.

GRIMSBY YOUNG LADIES
RECEIVE DEGREES
AT MACMASTER

A number of resident of this district were listed among those who received degrees from McMaster University at the Convocation in Hamilton Monday. Miss Pauline Shure of Beamsville, received her B. A., while the degree of B.A. was conferred on Elizabeth Kathleen Briscoe, Grimsby; Jeanne Allison Butler, St. Catharines; Almeda Jean Davidson, Grimsby; Douglas Elizabeth Reavley, Allanburg; and Dorothy Marguerite Turner, Smithville.

HOWLING SEASON
OPENS MAY 21st

At a meeting of the Grimsby Lawn Bowling Club held recently in the club rooms, it was decided to re-organize for the season, the following officers being elected: N. W. Walker, president; Archie Alton, vice-president; J. A. Curtis, secretary-treasurer; George Warner, Games Secretary; Alex McKenzie, Jitney chairman; Milton Lawson, greens chairman.
 Followers here of this popular pastime will welcome the announcement that the club will again carry on this year and with the strong executive class, a very successful season is anticipated.
 The greens will be ready for the first games on May 24th.

MONTHLY MEETING OF
MOTHERS' CLUB

The monthly meeting of Mothers' Club was held on Thursday, May 14, at the home of Mrs. McCartney. The speaker for the afternoon was Dr. Brownlee, who spoke on "The Teeth" beginning with the development of the tooth in the infant, and leading up to the stage of decay in both the child and adult ages. His talk was very much appreciated by all.
 A piano solo by Miss Katherine Metcalfe and a vocal solo by Miss Eva Sallows were much enjoyed by those present.
 The meeting closed with the service of a dainty luncheon served by the committee in charge and a social hour was spent.

GRIMSBY BEACH

The fruit belt softball league was opened here Monday evening under auspicious conditions. The ball was played, the batting and fielding territory, of the home nine, being a feature. The visitors, Smithville, won by a score of 12 to 10. Batteries: Smithville: Conby and Book; Grimsby: Beach; Digger and Robertson. Umpires: Russ and Griffith.

For printing of all kinds visit The Independent.

The Week's News of
The Surrounding District

THIRTY MOUNTAIN

The many friends of Mr. R. Walker were shocked to hear of his death last Wednesday. The sympathy of the neighbourhood goes out to the bereaved family.

Miss Pearl Procyshyn has taken a position at The Taylor Autotel Tourist Camp.

Mrs. Boyd who has been at the nursing home of Mrs. Wm. Kemp the past few weeks returned to Beamsville Saturday to visit Mrs. W. Walker.

Mrs. E. Hurst spent Wednesday in Campbellville visiting Mrs. H. Kalfeldt.

Mr. Albert Hurst attended the wedding at Ridgville, Saturday, May 16th of his granddaughter, Irene Arion.

Mrs. A. Penfield has gone to Hamilton for a few days. While there she will visit the garden of Dick, the Amateur Gardener.

Mrs. Rodney and Miss Edith of Beamsville spent Sunday with Mr. and Mrs. Egbert Hurst.

Mr. O. Eickmeyer of Grimsby Beach spent Sunday with Mr. Earl Kunkle.

Frank Hurst and Mrs. M. Hurst and Miss Phipps spent Sunday evening with Mr. and Mrs. E. Hurst.

Mr. and Mrs. P. Lupinus and Mr. and Miss Runkle of Buffalo spent Sunday with Mr. and Mrs. J. Procyshyn.

VINEMOUNT

The annual election of officers was held at the Women's Institute which resulted as follows: Mrs. Philip Shuler, president; Mrs. Ernest Tennant, first vice-president; Mrs. Alford Thomas, second vice-president; Mrs. Robert Beil, secretary-treasurer; Mrs. Harry Dewey, district director; Mesdames W. Brand, E. Hildreth, J. Penfold and Elmer Jeffery, branch directors. The retiring president, Mrs.

The annual election of officers was held at the May meeting of the Home and School club, which resulted as follows: Mrs. Harry Sturch, president; Miss Dorothy Holt, secretary; Miss Audrey Giddon, treasurer; Mrs. Eric Jeffries, first vice-president; Mrs. George Holt, second vice-president; W. H. Vanduser, honorary president; Miss H. P. Fegg, honorary vice-president.

The delegates to the Home and School convention in Toronto were Mrs. G. Giddon, Mrs. G. Holt, Mrs. Harry Sturch, Mrs. B. Taylor and Miss Dorothy Holt. Mrs. G. Giddon and Mrs. B. Taylor gave the delegates' report. Miss Dorothy Holt, who was convener for the May meeting, spoke on home nursing, and Miss Mary Jeffries gave a piano solo. Violet Travis was presented with a purse for having the highest points in the Home and School membership contest, and she also won Mrs. Taylor's prize for parents' attendance.

Mrs. Taylor presented the newly elected president, Mrs. Harry Sturch, with a Home and School pin.

WINONA

The Jubilee dance under the auspices of the Women's Institute in the hall last week was a great success. There was a capacity crowd, who enjoyed the program of dancing which included many novelty dances and favours.

The hall was beautifully decorated with potted plants and ferns. The V.P.L. of Fifty United church was well represented at the spring rally of the Hamilton Presbytery. Young People in Hamilton last week and their representative, Leo J. Knox, was successful in winning the D. J. McFarlane trophy for impromptu speaking against Edson Lane, of Zion, this being the final of the district contest.

Abe Hand received word of his appointment as fish and game inspector for the county of Wentworth and started on his new duties last week. Mr. Hand who has spent his lifetime fishing comes from a family of fishermen, his grandfather having started a fishing business on the lake shore here in his early days and his father follows him.

SMITHVILLE

Mr. H. G. Gregg who has been manager of a Royal Bank of Canada here for the past five years is being transferred to Hamilton, and will be making a change the last of this month.

Miss M. MacDougall suffered a fractured hip when she fell down the cellar steps at her home here. She is reported to be making satisfactory recovery.

BEAMSVILLE

The final term examinations at the high and vocational school are now in progress and will continue for the next two weeks. The marks obtained by students on this examination will figure largely on whether or not they will be given the required sixty per cent. on the year's subjects. Those who do not under the new regulations obtain this required standing will be forced to write on departmental papers in June.

The annual meeting of the Women's Institute took place Tuesday afternoon at the annual meeting place.

Clark H. N. Reid reports that Beamsville has not a single family on relief now.

A comparatively new industry is springing up in the fruit belt. Farmers, realizing the importance of pollination to insure a good crop, are renting hives of bees to place in their orchards. The blossoms, now at their height, attract the insects, which carry the yellow powder to other plants. Authorities on the subject say that apiarists will scarcely make their fortune out of the growing business, but the bees will gather enough nectar for their own consumption, thereby relieving their owner of the responsibility of feeding them. Fruit growers themselves claim that there is not enough profit in keeping their own hives for this purpose alone.

The reforestation trees planted in thousands on the corporation land on the escarpment about a year ago, are beginning to thrive. Shortly after they were put in, they were believed to have all died, but such proved not to be the case.

Howard Stoddard, on No. 5 highway, at Thirty, has some unique handicraft work on his booth buildings. The owner is a clever landscape painter. Combining his brush work with the use of some twelve thousand different coloured pop bottle tops he has created on two sides of his buildings artistic eastern scenes that show both careful thought and studied detail. Many each day stop to admire Mr. Stoddard's work and examine his views.

Non David Croft was agreeable that the council should undertake the enlargement of the corporation reservoir as a relief measure when the details were laid before him by the reeve last week. The work will hardly be commenced before the coming autumn, according to the feeling of some of the council. The work at that time will be more of a necessity, they feel, than at the present time when relief is suspended and the majority of those receiving it are now employed.

The delegation was also assured by the municipal department that an investigator from the department would be sent here at an early date to scrutinize alleged inaccuracies in corporation accounts.

Prospects were never better for the Senior Softball league being a pulling attraction this season. With the old clubs, Beamsville, Grimsby, Honey Creek and Smithville, practically assured and with two strong clubs like Vineland and St. Ann's likely to be additions, the league will not only create a wider range of interest than formerly, but will bring a lot of seasoned veterans into contact with each other.

The . . . of the County Women's Institute held a meeting in the community hall Kitchener Friday and discussed matters pertaining to the institute in general. It is expected that a county banquet will be held here in the very near future.

Several hundred Haldimand high school pupils made a visit of inspection to the Vineland experimental farm Saturday morning, and then continued their trip to the eastern section of the peninsula as far as the Falls. It was the . . . outing of pupils from Haldimand county planned by the agricultural representative and the school principals.

The old cemetery beside the Baptist church is now in better shape than in many a year. Where not long ago the stumps of the village pioneers were cracked and falling into decay, with long weeds and grass almost hiding them, the place now presents a very pleasing sight. The stones which were unrightly have been moved to the back of the church where they can not be seen. The weeds have all been cut, and the ground has been worked and rolled. Shrubs and flowering plants have been cultivated in the corners and along the road.

Mrs. Ned Fairbrother, Mrs. Stan Gibson, Ed Brindley and Miss Potter were representatives from the Beamsville association to attend the A.Y.P.A. annual local council at Port Dalhousie on Saturday. The Beamsville Women's Institute held its annual meeting Tuesday at

PROPOSED CHANGES
AT BEACH SCHOOL
NOT APPROVED

(Continued from page 1)
 the gathering followed his inspection of the monetary arrangements of the school.

Mr. Charles Durham, speaking on the subject, directed the attention of the ratepayers to the fact that there was a considerable amount outstanding in arrears of taxes in the school section. The money, he said, could not be collected except by selling out the property owners. He did not agree with the statement of Mr. Fair that proposed changes could be made for \$3,000 and doubted whether they could be carried out for \$4,000.

The representative of the Toronto firm reported that for an expenditure of \$300 or \$400 the conditions complained of could be corrected and would take care of the situation for another ten years. As suggested he thought a cement floor would help to correct the situation. He stated that the proposed changes would receive the approval of the Provincial Board of Health and guaranteed that they would result in the toilets being odorless. Their system, he stated, had been installed satisfactorily in many centres in Canada.

After the discussion it was moved by Mr. Fair, seconded by Mr. Wray that this meeting accept the recommendation providing for the expenditure of \$3,000 in connection with new sanitary conveniences at the school, the resolution on being submitted to the meeting being decisively defeated.

the kitchenette. Officers were elected, and a report of the year's work presented.

F. V. Dennis, the C. N. Express agent, reports that on Friday afternoon, when he stepped out of his office for a few moments, someone stole \$6 from a box in his unlocked safe. The sneak-thief evidently left hurriedly, for he left behind several more dollars which were hidden under the money order forms.

John Mitchell, head of the C. C. F. in Ontario, spoke at the Community hall Tuesday night in the first meeting of this organization in Beamsville in the federal campaign.

Rev. Dr. A. M. Currie, M.A. B.D., Ph.D., Sunday preached his first regular sermon in his new charge of St. Andrew's Presbyterian church.

Two men from the department of municipal affairs were in town Friday on an official visit. In a meeting with the council, from which the press was excluded, they discussed the petition for a provincial audit sent them some time ago. They examined the books and looked over the receipts called in from the ratepayers a short time ago.

Representatives of the senior and junior institutions of the county met at the Community hall here Friday to plan programmes. They were addressed by Miss L. Row of the Institute branch, Toronto. The girls were sent back to their districts to size up the situation for classes in the various sections of the county.

Beamsville is to see plenty of softball this year. Last year's championship girls' team will be back drawing large crowds again this year, stated one of the members of the squad. There are three teams among the boys. The veteran Pirates in the Fruit Belt league will strive to get the provincial intermediate title, which just slipped beyond their grasp last year. The Beamsville Bankers will be the local entry in the Beamsville and District league.

— SOFTBALL —

The 1936 Softball season got away to a big start Monday night. Only one fault could be found and that was the late start and unfortunately the home team was at fault and this always makes food for a good argument and this is just what developed. In the ninth inning when the Peach Kings tied up the score the Creek boys decided it was too dark, then the wolves let loose and the howling from the fans rolled like thunder and out of it all came the argument that the game was late in starting. This always makes it hard for umpires in charges of games. Umpire Farrell asked Umpire Nelson about carrying on and he said he could see alright. And according to those that should know this game a tie, gives one point to each team.

The first two innings were anticlimax but the third inning was nasty as the Peach Kings let things get out of control and the Creek boys took advantage by scoring five runs.

For, for the Kings was right on and pitched a game that only he is capable of when he is going good and when Frank Hill gets a few games and more experience, he will make a first baseman par excellence. Old Kinnis was on third and he shows his ability at the bag. Bub House was on the reception committee and got most of what Fox sent to him.

The other rookies show great promise and then Dequetteville turned

BE CAREFUL!

THERE were over 800 bicycle riders killed or injured in Ontario last year.

Bicyclists, especially children, are often careless. This simply means that drivers of motor vehicles must be twice as careful. Remember that you are in the heavier vehicle.

At stop streets . . . stop! Discipline yourself when you drive. Cut down on speed, especially at night. Make sure that your brakes, tires and lights are effective . . . otherwise, some day, you may find yourself in serious trouble.

IT IS BETTER TO BE SAFE . . . THAN SORRY!

MOTOR VEHICLES BRANCH
ONTARIO DEPARTMENT OF HIGHWAYS

Ontario must start THINKING safety!

In Ontario, during 1934, there were nearly 10,000 automobile accidents.

512 people were killed
 8,990 people were injured

... a considerable increase over 1933. It must be evident to all thinking people that this must stop.

Hon. T. M. McQueen,
 Minister of Highways.

in a real game and takes the honors and a bouquet of dandelions for the first home run of the season.

The executive and Manager Mr. Hilde are, tickled at the showing the home team made for the opener. Martin "Fat" Best is with Honey Creek this year and he should make quite an asset to this snappy team and none of the other teams should go to bat with this team with foolish ideas. This Creek team is a fast moving, hard-working aggressive team.

As far as soft ball openers go, the Monday night game gave the biggest and best thrillers that the fans have experienced here in a good many years.

The manager and team deserve

capacity houses every night. They play and it is only natural to believe the silver collections are very much needed to carry on the summer entertainment.

The score was 6 to 5 and so the first game was the best.

According to the clauses 5 and 6 of the 1935 Rule Book, Monday night's game will be recorded as a tie game. The new clauses will have the distinction of erasing all ideas on the part of players and fans alike that as

as these soft balling wrong through darkness but I did look, as if the Creek boys were going to get trimmed and the darkness saved the situation. Officially the game was an 8 to 6 tie this will act at rest any arguments or decisions the fans might make.

Make sure you got your ball scheduled, they will soon be out. Then stop asking questions.
